In developing the sales promotion programme, It is important to clearly establish such items as

- ▶ Size of the incentive- provide a realistic incentive that will not eat too much into the sales returns;
- ▶ Conditions of participation- specify who should participate.. Are company employees allowed?

- 
- ▶ The duration of the promotion – it should not be too long or too short. Slogans like ‘ buy now while stock last are common ;
 - ▶ timing – decide when the promotion should be done. Improper timing can be very bad

SEMMISUON

▶ **Personal Selling**

- ▶ An oral presentation in a conversation between one or more prospective buyers.
- ▶ involves communicating directly with an audience through paid personnel of the organization or its agents (sales people).

▶ **Publicity and Public Relations**

- ▶ Publicity is the non-personal stimulation of demand for a good or service by placing commercially significant news about it in a published medium, or by making a presentation on television.
- ▶ Not paid for by an identified sponsor.

- 
- ▶ reaches a mass audience, and within a short time new products or company policies are widely known.
 - ▶ Enhances credibility about message because they are reported in independent media

▶ Limitations

- ▶ the firm has little control over messages, their timings, their placement or coverage
- ▶ the firm may not be able to plan publicity in advance because new worthy happenings take place quickly.

- 
- ▶ PR is a continuous process, unlike advertising which may be seasonal.
 - ▶ It goes on and on whether we like it or not, and every one in my organization is involved in public relation and is affected by it.

SEMMIS UON
Seed Enterprises Management Institute
University of Nairobi

- 
- ▶ The strength of public relations is its role in creating understanding.
 - ▶ It is very crucial in converting negative image to positive image:

Seed Enterprises Management Institute
University of Nairobi

- 
- ▶ Hostility to Sympathy : Why are customers hostile to us?
 - ▶ Prejudice to Acceptance:
Customers are very bitter with us, may be because of our past bad record..But we have since changed, yet they still hate us!

SEMMISUON
Seed Enterprises Management Institute
University of Nairobi

- 
- ▶ Apathy to Interest : it can happen to you also!
 - ▶ Ignorance to Knowledge : Are customers knowledgeable?
What is our role?
