Telegraphic correspondence as to

operations.

Mr. B. G. Fildes

5 miles W. of the principal

road junction at Ngara Nairoli

Nagarroui appears to be in

the centre of the Ngara Nairoli district.

If this is so, the force from Longido

has pushed on considerably, and

they have now taken roads along

which to ^{move} ~~push~~ towards Moshi and

Arusha. Altogether, a very considerable

advance - through dense country, or bush, or all three.

But?

Eqm 9/3/16

Assuming that Ngara Nairoli gives no trouble,

this column will after 25 miles or so be between

Arusha and Moshi. Subject to developments,

I presume that it will then wait for the "push"

to take effect from the Meru side towards

Moshi. Of course, the force at Arusha may be

negligible. A. G. 9.3.16 H. J. 9/3/16

The 1st Division occupied Nagasseri on 6th March. The march to that place was very trying, but there was practically no opposition.
