Ruera B. E. A. Cattle Co. Ltd.

1919

27 June

Submits, for obs'n, papers resp. proposal that above Co. should take over 2500 acres from Ruera Estates Ltd., for cattle breeding, & to raise £1000 for the purpose.

Last previous Paper

minutes written

A return 27 June 1919

Next subsequent Paper

Mr. G. G. G.

This is not a very satisfactory way of referring the case being the fact that the new Ruera B. S. A. (Cattle Co) showed little over the cattle of Ruera Estates Ltd. (offering little more coffee) and raise £6000 for the purpose (with power for another £4000).

I know nothing of the Ruera Estates Ltd, but apparently Mr. Henry Portlock, whom we know favourably in connection with S.E.S.A., is interested in it.

The country is suitable for cattle and it is desirable to develop cattle breeding (crossing with native strains).

I propose to say that we support the application on the ground that it will ~~be~~ ^{be} ~~also~~ ^{also} in the development of an industry which it is desirable to foster.

Mr. Kelly.

The CO. has no special
knowledge with regard to this application
but desire to recommend it on the
ground that it will help in
the development of the industry
which it is the purpose of the

and the
