Please see the attached letter to Mr Luck

about the date of passage Mr Luck has  
not himself applied <sup>officially</sup> but we can

ask for special that he is going out

to settle, and do not think

he should get priority - he does not

not give priority to demobilized  
Officers and men on the ground of  
their military or other national  
service, and think it would be  
hardly fair to allow their skills  
services to carry weight.

Dear Sir Herbert Read

Accept my thanks for your reply  
to my letter of the 17th inst.

As it was quite impossible for me to be  
away at such short notice I saw  
Miss Anne the morning after receiving  
your letter & let your office know  
in case you wished to see someone  
else the change of sailing, & so on.

If I had kept a copy of the letter  
(has just lost) I would forward  
it with this, but I will not bother  
you with further application to a  
priority - On the other hand I  
should feel ~~very~~ obliged if, in the  
event of next sailing any better  
news for this being a priority  
from your office being vacant you  
would give me the option of acquiring

Same. Besides my family I am  
 taking out with me one - in all  
 probability two - ex-officers who have  
 served almost from the beginning of  
 the war. Young fellows who have  
 given these years to the Service of  
 the Country and lost so much time  
 in learning the professions they would  
 otherwise have embarked in, as well  
 as a love to find work that would  
 utilize and I am taking them out  
 to give them a start in life by  
 employing them on my coffee growing,  
 cattle raising, and general farming  
 schemes. It is as important to them  
 as to any other men going out to  
 N.A.A. that we should give them  
 they are in the position of being out  
 work and having nothing to do  
 until I can find a way to get my  
 enterprises going. I mention this

the case it can facilitate your  
 going to passages out in the  
 way I have asked for -

Believe me, I shall be most  
 grateful for what help that you  
 can give me - I should like, if  
 possible, that my wife and family  
 could accompany me out and we  
 should not in the least mind put  
 up with a certain amount of  
 discomfort only we can get away  
 from the present matter for  
 instance -

Yours very truly,  
 W. C. C. C. C.

Dear Sir Herbert Read

In consequence of the conversation that I had with you some time back, I have as requested, to put you in writing the reasons that I put before you in asking for a priority to get out to A. E. A.

I fear that my letter may have got lost, as I have just heard has been the case with another letter that I posted at the same time as yours in the hope when I was then staying -

I should feel extremely obliged if you would let me know if my letter reached you -

Yours very truly

Dear Brad,

A Stockholm friend of mine Mr  
Pardal Lund has written to me  
saying that he wishes to have permission  
to settle with his family in British  
East Africa. His father was an English  
man of good family from, I believe,  
the West of England, who married a  
Swedish girl and settled in Sweden so that  
he was a Swedish subject, but he has  
married an English woman and  
bring up his children as British  
subjects and acquire British

nationality as soon as he can. I  
was one of the few people in Stockholm  
who was always ready to assist the  
British cause during the war and  
can confidently recommend his  
application not only on this account  
but also because he is a man of  
desirable means and would I think  
make a useful settler in East Africa.  
I should be very grateful if you  
let me know if there should be any  
and if so what formalities must  
go through to such a person.

Dear Sir Herbert Read

I have at last succeeded in getting

and we hope to sail from Newcastle  
on the 11<sup>th</sup> March in the Messagerie  
Nautique. *de Nova*.

I thought better to return to the

letter, which I presented to you.  
I am sure that I shall be most  
grateful to you if you could let me

I am going out to B.E.A. in the hope  
of studying the ~~management~~ home for  
amblyops than and to bring up my  
boys to become Politicians, and I think  
that I shall find conditions favorable  
to insure their prospects. I am yours

difficulties and vexations at the  
start before knowing the ways of  
the country - As long as the place  
is healthy for my wife and child

respect or put me on to the way

Dear Bowring -

This letter is to introduce you  
Mr. C. Cardall, who is  
coming out to Africa, where he  
hopes to make a permanent home  
for some of his family.

I understood that Mr. Kirk  
is a natural-born British subject,  
altho' he settled in Sweden after  
marrying a Swedish wife.

He is very highly spoken of by  
Sir Home Howard, who was Minister  
at Stockholm; and he was  
most helpful to the British in  
many ways during the war.

I shall be glad if you can  
assist him in any way when he  
gets to the Protectorate.
