Dear Mr. Pottomler,
I support the Resolution
passed at Nakuru I would
that it would be that right
policy to cut across from Mau
summit (on account of the U.S. cost)
the object of the Railways is to
develop the country and increase
production - it would therefore
be a fair way to make the rich
lands from Nakuru to Mau
which the original owners
would get

Yours truly
E. R. I
