Enquires re passages for wife & child, at what part of Prot. he will be stationed, annual increments, and expenses on visit to M.A. letter also from M.A. regarding his fit

Major Ashmun

(1) reply that C.A. could not book passages for his wife & child but that they would be recommended for priority passages if desired. ^{it would be some time} ~~it would be some time~~ before they could sail. [Add that the Govt. is in no way part that married officers could have their wives with them without much risk of separation, but that all officers must run risks of inadequate housing accommodation (See 30700)]

(2) say that we cannot state definitely where he will be stationed, but probably at Nairobi or Mombasa

(According to the current Staff List the only two

Asst. Chief Posts are present in the staff area at Nairobi

(3) say that the increment is £12 (the rate in the Staff List is 36804 in name, I forgot to say)

at subsequent Paper.

(4) say that his expenses in visiting the
M.A. are not defrayed by C.P.

(The Bureau called & discussed our various
points. he happened to mention that he was
secretary of some association the name of which
I did not catch; this may explain the phrase
"I am directed" - his penultimate paragraph.)

28th Novemr 1919.

Sir,

95
I beg to acknowledge your letter of the 4th inst. in which I am informed that the Secretary of State for the Colonies proposes to select me for appointment as Assistant Chief Accountant in the Posts and Telegraph Department of the East Africa and Uganda Protectorate.

In the event of my accepting the offer it would be my desire that my wife and child should accompany me; perhaps, therefore, I can be informed if arrangements can be made for them to do so, and whether suitable accommodation would be available. It is understood that Government quarters free of rent will be provided.

May I also be informed if it is known in what part of the Protectorate my services are likely to be required, as it is thought that the duties of an Assistant Chief Accountant would probably be confined to the capital, or some principal town.

I am directed to point out that in the first notification of the appointment which appeared in the Post Office Circular the annual increment was stated to be £10, whereas the amount now mentioned is £12.

I am also to enquire if the expenses incurred in connection with my visit to the Medical Adviser will be defrayed by the Colonial Office.

I am, Sir,

Your obedient servant,

E. Annet

The Under Secretary of State,
Colonial Office,
