Sir:

I beg to apply for a
position as staff surveyor with the
D. Branch of B. & A.

For about two years, 1913 +
I was engaged on govt. contract
survey work out there, & early in 1915
when this work ceased, I was asked
by the department, along with several
other contract surveyors to apply for
govt. appointments. This I did, but
as my appointment had been
mentioned, I decided to proceed to
the island to enlist and accordingly
I was released from my undertaking
of appointment, as regards seniority,
I am next to that of Wm Gemmill
I trust that this will be
considered in my application

may state that I am fully qualified
as surveyor with Aust & N.Z. certificate
also licensed under the Govt of
N.Z.

87
Since early in August 1915,
I have held a commission in the
A.I.F. & have seen considerable
service in France with the 38th Bde
A.I.F., during which I was twice
wounded, and also three times
mentioned in despatches. At present
I am awaiting repatriation to B.E.A.

I am 30 yrs of age (born
1/4/88), am married & have one son
aged 6 mths

Should an appointment
in B.E.A. be not available, I should
be glad if my name would be
considered for any other similar
appointment outside of B.E.A.

Trusting you will be able
to favour me with an early reply
I am
yrs truly
