Mr. Mackay

Bonus We have not tel'd to E.A.P. in other cases
re: passage to bonus and I do not see any reason for doing so
now. He served on board in E.A. His resident service in
E.A. is from 17.8.17 to 8.3.18 (62858/18), so for the purpose
of bonus 1.10.17 - 8.3.18 is 5 complete months at 5 (heavily menial)
If you agree I think we might advance him £20 provisionally,
as he appears to be badly in need of money

Passage apparently, his only work for you, to Canada
is because ^{he has} he had a job and not because he has no other.
Mya Edwards is no precedent for granting such a
passage. I think we could quote that that boy case which
we were going to let him go to India as he had work offered
