1. MANCHESTER CHAMBER OF COMMERCE. 14 NOV. 1928.
Enquires whether Kenya may be approached with a view to the concession allowed on telegrams relating to press matters being extended to business firms.

I am not clear what such an arrangement would involve at this end, nor know whether it would mean that the postal authorities here would under the arrangement, have to collect the money in some other way. In view of this possibility (if it is a possibility) it would seem desirable in the first instance to ask the G.P.O. whether they have any observations. I therefore put up a draft to the S.P.O., together with a draft interim reply to the Manchester Chamber of Commerce, for consideration. This as at present may not be a new one.

The Secretary,
General Post Office.

Sir,

No. 2 I am directed by the Postmaster General to acknowledge the receipt of your letter of the 22nd November and to submit for the consideration of the Secretary of State, the following observations on the request from the Manchester Chamber of Commerce that "receiver to pay" facilities should be introduced on the Kenya Wireless service.

Special arrangements between two Administrations whereby telegrams of any category are accepted on a "receiver to pay" basis are not contrary to the International Telegraph Convention or the Regulations annex thereto. The facility involved, however, some encouraging difficulty and some degree of risk to the Administrations granting it, and in practice it is not adopted between Administrations in the European system, where receipts are small. On the other hand it is widely adopted in one form or another in the extra-European system, especially in countries where the telegraph companies adopt telegram direct from the public. It is adopted generally on the Imperial Cable and Beam services to Canada and to the chief towns in Australia and New Zealand; on the South African Beam service it is generally adopted to Cape Town only; on the Indian service it is confined entirely to press telegrams.

If the Kenya Administration is disposed to grant the facility in respect of the Kenya wireless service, the Postmaster General would be very pleased to co-operate; and it is suggested therefore that the request should be referred to the Governor. The receipts of the Colonial Administration amount to no more than ~~its~~ ordinary terminal rate, and it may well be that in the circumstances that Administration would not feel justified in offering this facility.

If it were decided to introduce the facility on the Kenya wireless

The Under Secretary of State,
COLONIAL OFFICE.

wireless service, the simplest procedure would be for the Kenya Administration to advise this Department by telegraph, as applications are received, of the names of persons in Kenya who desire to hand in telegrams without prepayment and the names of the addressees in this country. This Department would then interview the addressees and if they gave an undertaking to defray the cost of the "receiver to pay" telegrams from the specified senders, would advise the Kenya Administration accordingly. Telegrams accepted on this basis in Kenya would be transmitted and delivered in the ordinary way as ostensibly prepaid messages, and the total charge to be collected from the public would be claimed against this Administration in the general Monthly Accounts. Other than these general Monthly Accounts the Kenya Administration would maintain separate accounts against the addressees of the general telegrams, duly identified by the sender, and this Department would then collect the charges from the addressee.

With regard to "receiver to pay" telegrams to Kenya, this Department might now claim payment for such telegrams to the Kenya Administration, and the amount would be the total amount im-

mediately due and owing, which would seem to be one-half day's delay on delivery. It should be mentioned in this connection that this Department has not hitherto required payment from the addressee of "receiver to pay" telegrams. In the facility now introduced for telegrams exchanged via radio radio stations might be required to use the Kenya Administration to extend it to all stations to be known carried by the G.T.T. Company to and from Great Britain; or to telegraph the Company, if they agreed to participate, would not make themselves responsible for the collection and settlement of the accounts.

OFFICE

Sir,

I am desired by the Chairman of the East Africa Committee of this Chamber to state that certain Members of the Chamber have drawn attention to inconveniences caused by virtue of restrictions placed upon the despatch of telegrams from the Kenya Colony.

It may be within the knowledge of your Department that it is not an unusual practice for traders with certain markets to arrange, as they enhance, for a service which provides for the despatch of R.T.P. - "receiver to pay" - telegrams. This service is in the hands of a private company. As far as the Eastern, this arrangement, entered into between the Cable Companies and their customers, enables the despatch of messages by resident agents to their principals at home, the cost being borne by the latter. This proves very helpful to the trader, and is a service which is greatly appreciated. In the case of Kenya, the Government own the terminal lines, and I am given to understand that no concessions are granted except in the case of the transmission of press matter.

The object of this letter is to enquire whether the Colonial Office would approach the Government of the Kenya Colony with a view to inquiries being made as to the possibility of the concession allowed in the case of press matter being extended to business firms. The argument put forward by my Members is that in times such as the present, when business requires every incentive, it should be the duty of all to make a contribution which would confer a benefit to

-2-

trade in general. In this particular case, the advantage conferred would be in the manner of the avoidance of cash transactions between business houses at home and their agents, in respect of cabled messages exchanged.

It may be that the Kenya Government would not desire to consider extending their credit facilities beyond the transmission of items of news. The argument may be put forward that the British Post Office - for the Imperial Radio Services - permit a monthly credit account to approved firms in respect of messages sent by that service.

Your reply will be awaited with interest and you may rest assured that we shall appreciate any action which it may be possible to take in our behalf.

I am, Sir,
Your obedient servant.

James Ainsley,
Assistant Secretary.

LEGAL REPORT

THE EMPLOYMENT OF NATIVES BILL, 1927.

This Bill has been prepared in consequence of a recent decision of the Supreme Court to the effect that section 47 of the Employment of Natives Ordinance (Chapter 139 of the Revised Edition) contains no provision for the punishment of offences mentioned in the section.

The penal provision in the section as printed in the Revised Edition was first introduced by the Master and Servants Amendment Ordinance, 1918. This Ordinance was repealed by the Master and Servants Amendment Ordinance, 1925, but the penal provision in question was re-enacted. The latter Ordinance was in its turn repealed by the Revised Edition of the Laws (Operation) Ordinance, 1926, which incorporated in the Revised Edition the various amendments in the law which had been effected during 1924 and 1925. Most of the amendments contained in the Master and Servants Ordinance, 1925, were so incorporated but the penal provision in section 47 was not reproduced as it already appeared in the Revised Edition.

It has now been decided that notwithstanding its appearance in the Revised Edition the penal provision must be deemed to have been repealed by the Revised Edition of the Laws (Operation) Ordinance, 1926. Consequently it is now necessary to declare that the section 47 as printed in the Revised Edition is law and has been law since the 1st July, 1926.

16th April, 1928.

Sir:

Nos
With reference to your letter of the 28th ultimo (16049/28) regarding
the appointment of Major F. J. Munn, D.S.O. as Assistant Commissioner of
Prisons, Kenya, I am directed by Secretary Sir William Joynson-Hicks
to forward herewith, to be laid before Mr. Secretary Amery, an application
for appointment duly completed by Major Munn, and to add that Major Munn
has applied to the India Office for a copy of the certificate of his birth,
though he states that a copy is already in the possession of the
Civil Service Commissioners.

The Prison Commissioners report that Major Munn is already serving
on the permanent and pensionable establishment and that he has carried
out his duties with zeal and efficiency to their satisfaction. He was
appointed a Class IV Governor, Acting Deputy Governor, at Hainault
Prison on the 10th May, 1928, and has performed relief duty at
Durham and Manchester Prisons.

Major Munn states that if selected for the appointment he will

Dear W. S. M. A.

Your letter of 10th February 15029/28 which has
only reached me to-day owing to the irregularity of the mails
which has been very marked lately, places me in rather a

difficult position.
I should be very sorry to say anything that would
inilitate against Warner's chances of promotion but I can only
speak of him as I know him and unless his experience
since he left Hong Kong has made a great change in his
character I must reluctantly say that I think he would be a good
Assistant Commissioner of Prison.

He is a man of excellent character and I understand that
he got on extremely well with the Chinese. He is quite well read
and by no means deficient in intelligence. But, however,
I found him useless as a Private Secretary. He was a scullion
with no idea of business like habits and no sense of order
I could not rely on his carrying out instructions without being constantly
reminded.

After he left me he was of some time a member at
St Stephen's School in Hong Kong and he afterwards went to
and subsequently in the Prison Service and
these defects. He came to me with no experience of any

regular work. (I think he had been doing welfare work of some
sort the winter before we came out to stay long with me in August
1919 it didn't last long) so, perhaps I am partly
to blame for his not doing better as Private Secretary of State
had time to teach him the job. He might have improved but
I found it hard to do things myself, especially as he himself
did not much like me and did not appear very responsive
to suggestion.

If since he left me, he has acquired a
sense of method there is no reason why he should
not do well in any job in which he is interested.
It is the impression which he left me with that
he might be able to take an interest
in enough business to appeal to him.
I do not agree with you in your grappling successfully with
political questions.

Yours sincerely

J. P. Statby

regular work. (I wish to have her doing welfare work of some kind
but she wants to go out to Hong Kong with me in August.
(she was due to go out for very long) so, perhaps it is partly
1919 it went back home for very long) so, perhaps it is partly
to Blame for his not doing letters or "Private Secretary" of Shanty
had time to trouble him the job he might have in mind but
I found it took trouble to do things myself, especially as he
did not much like me and did not appear very responsive
to suggestion.

If ever he left me, he has acquired a
sense of method there is no reason why he should
not do well in any job in which he is interested
it is to me which he left me was that
it was for me to take an interest

HOME OFFICE,

WHITEHALL.

14th March, 1928.

Sir,

With reference to your letter of the 10th ultimo (15049/28) regarding the post of Assistant Commissioner of Prisons in the Kenya Colony, I am directed by Secretary Sir William Joynson-Hicks to say, for the information of Mr. Secretary Amery, that the Prison Commissioners have invited applications from the whole Service and thirty-seven applications were received. Of these the Commissioners have no hesitation in recommending that of Major F. J. Munn, D.S.O., one of the four gentlemen seen by the Kenya Commissioner; the other three gentlemen did not apply.

Major Munn is at present acting as Deputy Governor at Manchester Prison, though he is the deputy designate at Parkhurst.

Sir William Joynson-Hicks assumes that Mr. Amery will inform him in due course of any further details regarding Major Munn's age, and service which may be required.

June, on the subject of the transfer of Captain S. R. Hill to the Tanganyika Prisons Service, I have the honour to inform you that Captain Hill's leave is due to expire on the 8th March, 1928, and to ask that steps may be taken to fill the post of Assistant Commissioner of Prisons as soon as the vacancy eventuates.

2. [I understand that Mr. Spencer, the Commissioner of Prisons, whilst recently on leave in England, interviewed four candidates from the Home Prison Service put forward by Mr. Alexander Paterson one of H.M. Prison Commissioners at the Home Office. These gentlemen, Mr. J. E. Warner, Major Munn, Mr. S. K. Ruck and Mr. H. Scott, all impressed Mr. Spencer favourably and he states that it would be difficult to decide between them though he is inclined to recommend them in the order named.] It is suggested that enquiry may be made from the Governor of Jamaica in respect of Mr. J. E. Warner who it is believed was his Private Secretary when he was Governor of Hong Kong. In the circumstances I am prepared to leave the final selection to Mr. Paterson who in the interval may have heard of some other
