MINUTES

There are no seconded officers from the Indian Subordinate Medical staff employed in the T.T. which is therefore not concerned.

~~concerned~~ Sub-Asst Surgeons in Kenya, which is not concerned with the grant of commissions to officers in that grade. Kenya may be affected. Both Kenya & Uganda should be informed of the new classification of Sub-Asst Surgeons & asked whether they consider it necessary to take any action. But before doing this? Will S.O. that it will be necessary to consult Kenya & Uganda (not T.T. as no seconded officers are employed there)

If the encl. (i) to this letter
refers to our correspondence with
Govs. and I.O. on 2/12/24
I do not understand it; as
in that correspondence the pay of S.A.S.
covering the I.O. D. savings
is to be calculated on
the basis of the old ~~method~~

'classification', as indeed on
any basis. It was laid
down recently that such
S.A.S.'s should be paid at
the applicable Indian rates.

I doubt whether any further
correspondence with Govs is necessary,
but as I.O. expect us to do
something the line of least
resistance is to act as
proposed by Mr. Jeffries. I can
do no harm
