The ~~extension~~

Mr. Nair called today and asked for an extension of leave for 3 months. He does not seem to worry about pay & I said it would probably if granted be without pay. The reason was that he has now got the L.M. wants to take a Public Health examination in October. He pointed out that it is probably the only chance he will ever have of pursuing these studies & taking the examination.

He is booked (2nd class) for 25 August

I told him that he should apply in writing for the extension stating the reasons & that we should probably have to refer to the Gov by telegraph. He said he had no doubt that the P.M.D. would recommend the extension.

After he had gone I warned C.A. that they might not be able to sail on 25 Aug. They said that they must either cancel the passage today or keep the ticket & pay for it. I said I would let them know by 5 o'clock today whether to cancel it or not.

Mr. Nair has paid the money for his passage. An advance of £35 was given him for this purpose. He expressed readiness to refund the advance if required.

I'll be before taking action. All  
I think we had agreed all

It is as he cancelled, it money can be recovered for his share. No. C.A. can then recover the advance. All

(1) Tell C.A. to cancel provided money can be recovered. (2) Advise Mr. Nair that if he cannot pay the advance, he can still recover the money. All

The Under Secretary of State  
Colonial Office

London.

Sir,

I have the honour to apply for 3 months extension  
my leave which expires on the 1<sup>st</sup> August 1920.

My case in short is as follows:

I was able to get an accumulated leave of 11 months  
which the Protectorate Government was pleased to let me  
spend in England with a view to undertaking medical  
study. I might however, mention here that the Govt,  
according to the regulations governing the Asiatic  
Officials in the Protectorate, was absolutely powerless  
to give me any help of a financial nature or otherwise  
- even a passage to Europe and only half salary and  
no bonus while on leave here - in spite of the fact  
- that whatever knowledge I might be gaining in my  
profession in this Country would be of use to the  
Protectorate Government.

I have already taken out a Course in Tropical Medicine and passed an examination at the London School of Trop. Medicine and have spent 6 months in various Medical institutions in Ireland receiving a Diploma in Midwifery and other certificate.

I now intend to appear for the examination for Diploma in San. Science which is to be held in Dublin in October 1920 and it is for the purpose that I apply for the extension.

I try to point out that the above Sanitary Qualification will be a very useful addition to my present position in the Health Department of the Protectorate and this is a chance I should not like to miss if I could possibly keep it. In these circumstances I hope you will be kind enough to consider my application favourably and inform the Crown Agents accordingly as they are now making arrangements for my return journey to Br. East Africa.

I have the honour to be  
Sir,

Your most obedient servant  
J. D. Nair

Sub-Assist. Surgeon
