FEE FOR VISIT TO E. AFRICA

INCOME TAX

Enquires as to liability for assessment.

W. Eggle

In your honor, please.

The fee des paid by C.A. from  
 £. a few days work performed  
 in C.A. can we possibly  
 make a case to the I.R.?

According to the general practice in C.A. the  
 is not liable to pay tax on his fee as it would  
 not be paid out of the revenues of the U.K. but the amount of  
 the fee is taken into acc in arriving at his total  
 income from all sources for the purposes of the Income Tax  
 Act.

If, as I gather from his letter although he does not  
 expressly say so, he has been charged income tax on his  
 fee then it is open to him to apply for relief to the  
 local assessors. Should he not meet with success  
 this office might consider it desirable to take the matter  
 up with the Inland Revenue. This has been the advice

Mr. Kinison

I am very grateful for the trouble  
you have taken about this welcome  
to the kitchen. I will see if it is  
possible to do anything more with  
social arrangements. Can  
you be troubling you a fair. But  
as it is, they have decided

When next you come this way,
