Mr Parkinson,
East African Dept.,
COLONIAL OFFICE.

It has recently been decided by the Colonial Office that newly appointed West African Officials who receive outfit allowances should not receive advances of one month's salary excepting in special circumstances. The outfit allowance granted to officials in the East African Colonies and Protectorates is not so large as that in force in West Africa, but we shall be glad to know whether there is any question of applying such a ruling to newly appointed East African Officials who are eligible for outfit allowance. A similar minute has been sent to M. Machtig.
