EXTRACTS FR: MINUTES ON FILE 5456E.A.

"In the despatch referred to (on 2876/13) S. of S. said that reports on junior officers especially on those holding technical appts. are useful, but the final sentence of para. 2 of that despatch does justify Uganda in not reporting on Mr Harmsworth. But I think we should now say that all officers holding Class A. appts or appts on probation should be reported on."
Intd H. J. J. 18.8.23
I agree with Mr Jewell. It seems to me that there is an inconsistency between what was said to H. A. F. and what was said to the other places on 2876/13. In the Kenya Conf. Reports are by no means confined to officers of a rank corresponding or senior to 1st Grade Admve Officers. Asst Treasurers and so on are, as they should be, all included.
Mr Parkinson thinks we had better have a paper registered for consideration with G. D.

2. As stated in the late Viscount

Harcourt's confidential despatch of the

14th of March, 1913, confidential reports

of junior Officers, especially those

holding technical appointments, are very

useful, and although the wording of

paragraph 2 of the despatch confines

the submission of confidential reports

to junior Officers (other than

Administrative Officers) to those

corresponding in rank to District

In any event, I consider it desirable that annual confidential reports should be furnished on all officers holding Class A appointments, whether they are confirmed in their appointments or on probation, whatever the department in which they are serving, and I have to request that in future you will submit reports accordingly.
