1st class honours Nat Science Tripos

Darwin Prize for essay in Plant Pathology.

Has very good testimonials & made a good impression. The only thing against him is that is a trifle inclined, apparently, to stand on his rights & might be troublesome under a superior whose powers he did not respect.

Lt. D. Prain recommends his selection for this post. I think we are very lucky to get him.

TREASURY CHAMBERS.

18th December 1912.

In the reply to this Letter the following
Number should be quoted.

24505

12

Sir,

gov
36697

I have laid before the Lords Commissioners of His Majesty's Treasury Mr. Read's letter of the 5th instant (36697/1912), and its accompanying copy of a despatch from the Governor of the East Africa Protectorate relative to the Agricultural Department Estimates for 1913-14.

In reply I am to request you to inform Mr. Secretary Harcourt that, in the circumstances represented, My Lords sanction the immediate appointment of a Mycologist at a salary of £500 per annum on the understanding that the expenditure involved during the current financial year will be met from general savings.

My Lords assume that the post will be unpensionable.

I am,

Sir,

Your obedient Servant,

The Under Secretary of State,
Colonial Office.

L. J. M.
