The Superintendent of the Vet. Dept. of the  
S.P. is fully occupied with his duties  
in the other districts of the province & it  
seems it would be quite impossible to  
detach him for this work. I do not  
think that any of the other Veterinary  
Officers have sufficiently wide experience  
to undertake it.

H. J. R.

6/12

I think you will also find that a Transport  
Office is necessary and will be a considerable  
saving in the long run.

10/12/12

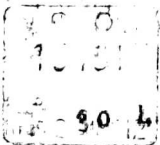

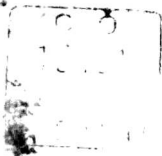

Lord Ennismore

P.S. 7

Apart from the question of disease the  
report is interesting & useful

6.8.5

H. 8.5.12

I have the honor to

acknowledge receipt of your  
letter of the 16<sup>th</sup> inst.

From the cablegram

received from the Acting  
Governor it would appear

that the disease would appear  
not the cause of the

morbidity during the  
in the Northern District  
District

In view of the  
early receipt of a report

8  
128-3  
12

and as I am unaware  
of what steps have already  
been taken by the City  
Chief Vet. Officer I  
would suggest that further  
action be delayed until  
the report arrives.

I have the honor to be

Sir

Yours most obedient servant

Robt. Clark

The Under Secretary of State,  
Colonial Office.
