BOUNDARIES OF NATIVE DISTRICTS  
IN NYANZA PROVINCE

The descriptions for approval. Considers Mr  
Ainsworth's proposals entirely satisfactory. Thinks  
term "Native Location" more suitable than "Native  
Reserve".

Mr G. Forder

These boundaries ought to have  
been marked on a map, not only for our  
convenience but also that the Districts may  
be able to show them on a copy of the  
map. With regard to para 3 I think  
you thought that it should have been better  
to stick to the old title of Native  
Reserve.

Ask for a map showing the boundaries  
of all the Districts in the province.  
Native Reserve  
will be most appropriate. I.R.

I have the honour to refer to my despatch No. 392 of 22nd instant reporting the occurrence of four cases of cattle theft perpetrated by certain members of the Lumbwa tribe on Kavironde and others and to inform you that a case of theft of a similar nature from the Veterinary Quarantine Camp at Fort Ternan has recently taken place.

2. The main features of this latter case are almost identical with and bear considerable resemblance to those referred to above, in so far as they relate to the apathy shewn and the lack of assistance rendered by members of the tribe.

3. The total loss of cattle with their approximate value amounts to:-

8 cows

3 heifers

2 bulls.

Total value Rs. 575/- . These were traced into the
