Draft

M. Holzapple Esq.

Mr. Hayes 22/9/13

Mr. Read 22/9

August 22/9/13

Sir;

With reference to

the letter from this Office of

10/9/13 the 14th of June, I am &c

To inform you that
a report has been received
from the Governor of the
Earl. with regard to the
present facilities for the
shipment & pedigree stock
to the latter, but that
while Mr. Harcourt fully
appreciates the desirability
of encouraging the

Copy to Dr. G.

one

(3)

asking for favourable consideration.

I have the honour to be,

Sir,

Your humble, obedient servant,

In the absence of the
GOVERNOR.

(2)

4. The following figures show the approximate cost of a pedigree bull purchased in England and delivered at a place such as Lumbwa, which is at present the most advanced district as regards the dairy industry:-

Purchase price approximately	£40. 0. 0
Railage to London	1. 0. 0
Shipping Agents' and Dock charges	1. 10. 0.
Freight to Mombasa	24. 3. 0
Landing charges and forwarding	1. 0. 0
Railage to Lumbwa	6. 18. 0
Insurance on £70. G 6%	4. 4. 0
Total	£78. 15. 0

5. Under present conditions the cost of importing stock from England into this Protectorate is, to all intents and purposes, prohibitive, but could substantial reductions in sea and rail freight be obtained, I am strongly of opinion that the trade would expand at once to the great benefit of the Protectorate.

6. I would add in conclusion that settlers in Australia are now making enquiries with a view to being able to land breeding stock from that country on more favourable terms than at present exist.

7. It is of course perfectly true that we are not in the same favourable position as the Union of South Africa in regard to the Union Castle Steamship Company as we do not give them any subsidy, but I think that the monopoly of Government goods and passengers which they enjoy justifies our asking

GOVERNMENT HOUSE,
NAIROBI,
BRITISH EAST AFRICA.

July 21st 1913.

EAST AFRICA PROTECTORATE.

No. 560

Sir,

K
18944

With reference to your despatch No. 451 of 13th ultimo, I have the honour to forward the following general observations respecting the grant of facilities for importing pedigree stock into the Protectorate.

2. It has been conclusively proved that a large area in the highlands of this Protectorate is suitably adapted for the breeding and raising of pure bred herds from imported stock and that considerable success has attended the grading up of native cattle. I am of opinion also that with the favourable climatic conditions and plentiful supply of green pasture throughout the whole year obtainable in many of these areas, large quantities of dairy produce would be exported from the Protectorate if a better breed strain of stock was in general use for milking purposes.

3. Though conditions are so favourable on the whole, the improvement of stock and the development of the dairy industry have not effected the progress which was hoped for, owing to the heavy cost in freight and other similar causes.

THE RIGHT HONOURABLE

LEWIS HAROURT, P.C., M.P.

SECRETARY OF STATE FOR THE COLONIES,

DOWNING STREET, LONDON, S.W.

C O

report has been received. and that while fully
appreciating the desirability of encouraging the
importation of pedigree stock into the Province
Mr. H. does not consider that the Govt. is
at present in a position to act the G.C.
Co. for any concurrence in the matter.
