with the notes for appt. in I.A.P. & his testimonials prove satisfactory. It looks as though he might be a useful man - we may see dispensaries £2000. If he wd not do for this, we occasionally have vacancies for medical storekeepers or clerk to P.M.O.

I think so in no circumstances; likely because for the fact that he is a civilian whilst some at any rate of the other employees of this sort will be Army men. His antecedents will want exceptionally careful scrutiny.

Mr. Bottomley

I am very glad to commence keeping a list of dispensers, and I suggest that the ^{papers} should be sent to the CA.
 P.B. 6/4/13

Mr. Bottomley

This paper has been going to press in the hope that eventually we should discover an alleged paper which ~~contains~~ ^{contains} a kind of table showing which appts. should usually be made by P.S. & which by C.A. But now we can find it nor is it certain whether it does exist. It is not for me to say whether the P.S. or C.A. should write such memos.

men - but if P.S. & C.A. agree that C.A. shall do it, the I.A. Dept. wd be content X

X But the I.A. Dept. will have to decide whether when a vacancy occurs they will apply to W.O. or to P.S. or to C.A. I think the balance of advantage lies with the W.O., but we do not say that as a civilian may apply and we can't say to some of getting P.M.O. men.

The objection as to the list is more ~~serious~~ I think it was some years ago, before my time as A.P.S., & it is not necessary to make further enquiry as if this class of appts. was considered at all, it was probably regarded as under a W.O. matter.

We had better ask CA to start a list ~~and~~ ^{and} see if this man is there.

I have now spoken to Mr. Furse.

? The transfer to CA, giving them particulars of the posts (Medical Clubs & Storekeepers, & Dispensaries), & ask them to deal with this man.

And wif. him that his application has been referred to CA?

We must remember to keep in touch with CA. Over this
