Per

It is the honor to request
that authority may be granted
to order through the Com. for
for Hunt. Jackson, White
Saddles, White St. S. D. for
applying the same and design
pack saddles for the Northern
Frontier District, East Office,
20 Camel Saddles of a pattern
recently shown me at their works
which appear to me very suitable

such a trial when they would be available

Let for me send a sample for copying. The price quoted by the firm is 30/- each and the cost of 20 sets would be £30. There are samples I've estimated for in the H.F.D. Transport estimate. I cover this subject here

for the work required in the Northern Provinces.

These saddles are, they inform me, part of a stock which they have had on hand for some time

I have tried one of them on the roads at the Zoological Gardens and suggested certain alterations and additions. These they have carried out in a sample set with stuffed pads and girths which I consider quite satisfactory and am of opinion

The Under Secretary of State
Colonial Office

In
Yours obedient servant
Chas. A. Newell
Chief Transport Officer
