Apply for Land grant

Interest list of gentlemen who are prepared
to give financial assistance in the event
of land being granted.

W. Read.

We are awaiting the Gov's report
upon the amended application which
on Sir P. G. Gordon's advice, Dr. Leach
has sent direct to the Secretary to
the Administration at Nairobi.

We may as well be filling in the
time by having enquiry made about the
financial standing of Dr. Leach's
bankers. Their letter of the 4th of April
does not commit them to very much,
but perhaps it is all that can be
expected until Dr. Leach has been
seen.

I have been in correspondence with the Secretary of State for the Colonies with a view to my being granted a leasehold concession of land in the Protectorate, bounded approximately, on the East by the centre of the Sokoki Hills; on the North by a line parallel with the Southern Shores of lake Jelori, but about two miles south thereof; and on the West by the Native Reserve, the line being continued northwards to the boundary of the fibre area - (See enclosed map tracing for exact location).

The Objects for which I desire the Concession are:-

1. The gathering of the bark of the dead rubber vines which have been destroyed by the natives.
2. The clearing of the undergrowth in order to encourage the growth of the young shoots of the Rubber Vines and the cutting and extracting of Rubber therefrom.
3. The felling of the growing timber and the planting of other approved trees or plants in place thereof.

On the 14th inst. I had an interview at the Colonial Office with His Excellency The Governor of the Protectorate who suggested that I should make application to you setting out exactly my desires.

His Excellency-informed me that leaseholds are granted at about one penny per acre rental and also that no Native Rights can be alienated. This latter stipulation I have respected in the area marked in red on the map enclosed, which was supplied to me by order of the Secretary of State.

I shall be glad to hear that the area in question (or some considerable portion thereof should the whole area not be for disposal) will be granted to me on my complying with the Land Laws of the Protectorate.

I am, Sir,
Yours faithfully,
Assigned, CHAS. LEACH.

We the undersigned have agreed to contribute
 our names in support of the incorporation of
 the East Africa Corporation, for which you have applied by
 letter dated 27th January 1941, to the Secretary of
 the Administration at Nairobi, British East Africa.
 With the proceeds obtained we shall be prepared to assist
 you financially in any other ways in our power.
