EAST AFRICA PROTECTORATE.

March 4th 1912.

(No.158)

Sir,

Estimate  
Memorandum

I have the honour to transmit herewith two copies of a Third Supplementary Estimate for £3,615 for the year 1911-12, as passed by the Legislative Council on the 12th ultimo, together with a Memorandum by the Treasurer giving explanation of each item.

2. The expenditure on this third Supplementary Estimate will be met, as stated in the Memorandum, from General Savings and Reallocations, and will not affect the estimated surplus balance of £164,828 on the 31st March 1912.

3. With regard to the £15 "Margaret Patrol" I would ask, in view of the special circumstances of the case, for sanction to meet the expenditure of £400 out of surplus balances, as, although it is possible that savings to this extent may exist at the present moment, there will probably be excesses to provide for from that source before the end of the financial year.

4. I trust therefore that you will give your approval to this proposal, and that the Lords Commissioners of the Treasury will be able to

THE RIGHT HONOURABLE  
LEWIS H. SCOTT, P.C., M.P.,  
SECRETARY OF STATE FOR THE COLONIES,  
10, WHITEHALL PLACE, LONDON, S.W.

pass

pass this Supplementary Estimate as it stands.

5. The instructions contained in the third paragraph of your despatch No. 39 of the 24th January have been noted and a form similar to that used in the Uganda Protectorate will be adopted in future. In order to avoid confusion the old form has been adhered to until the end of the current financial year.

I have the honour to be,

Sir,

Your humble, obedient servant,

G. B. Bowring

ACTING GOVERNOR.

INCLOSURE 2

In Despatch No. 157 of 1912

10322  
4712

*Enclosed with D*  
**Explanatory Notes on Third Supplementary Estimate for 1911-1912.**

51

*3/24/12*  
**Item 1.** Mr. D. J. Wilson's (late Director of Government Transport and Principal Immigration Officer) pension from 16th December 1911 to 31st March 1912 at the rate of £294 per annum, sanctioned in Colonial Office Despatch of 1st November 1911, and apportioned as follows:-

- East Africa Protectorate £139
- Uganda Protectorate £155.
- Net from General Savings.

*22643*  
**Item 2.** Capt. R. R. Hayes Sadler's (late Aide-de-Camp to the former Governor) pension contribution to the Government of India for the period from 1st October to 4th December 1910, sanctioned in C.O. despatch No. 466 of 30th July 1910. Net from General Savings.

*8/10*  
**Item 3.** Cost of a single first class passage to London of Capt. C. J. Murray, Aide-de-Camp to His Excellency the Governor. This expenditure could not be foreseen when the estimates were prepared. Net from General Savings.

**Item 4.** An indent for printing machinery as was forwarded in January 1911 to the Crown Agents for execution and payment during 1910-11, but the account was not paid till the current financial year. Net from General Savings.

**Item 5.**

XAP 34622

+ W 22643

Item 5. Amount allowed on Estimates for current year for station hands at Ebu has proved insufficient to keep the station decent and in a sanitary state. A sum of £15 is required to the end of the year. Met from General Savings.

Item 6. In the current year's estimates the Vote for Local Travelling was reduced from £1300 to £700; the latter sum has proved insufficient, and £67<sup>more</sup> is required. Met from General Savings.

Item 7. The engagement of porters have been found to be insufficient to meet the needs of the recently established Post at Ebu. Met from General Savings.

Due to the absence of a local interpreter and the impossibility of procuring one expeditiously with increasing urgency, and the necessity of employing a temporary clerk with a monthly salary of Rs. 75, have been added up to the 31st March. Met from Savings & Reserve Vote.

9. Additional provision necessary to meet cost of passages of the recently appointed clerks; more clerks proceed on leave also than anticipated when estimate was framed. Met from Savings on Judicial Vote.

Item 10. It has been found necessary to employ 10 temporary Constables in Tanaaland Province until Somali move from Tana River, which event will probably take place in April or May, but provision has been made only up till 31st March 1912. Met from Savings on Police Vote.

Item 11.

C.O. 533 103  
 ALLY WITHOUT PERMISSION OF THE  
 PUBLIC RECORD OFFICE, LONDON

Item 12. The following causes are responsible for the additional expenditure.

- (1) Indent for Mail-telegram and sent as ordered to September 1910 was not paid for until ~~October 1911~~.
- (2) The ~~General~~ Protectorate account for March 1911 was not received until after the Protectorate's accounts for 1910-11 were closed. Net from General Savings.

Item 13. This is the probable expenditure in connection with Mr. Levee's (Entomologist) present tour of investigation in the Coast Lands of the Protectorate prior to his proceeding to Europe. Net from General Savings.

Item 15. This is due to the larger number of time expiring men who have lately taken their discharge than anticipated when the estimates were prepared. It is difficult to estimate for this vote as it is impossible to say how many men will take their discharge in the course of a year.

2134 from Savings on Military vote  
2135 " General Savings.

Item 14. The following causes are responsible for the additional provision required.

- (1) Freight on stores taken over last year from the Gammaliuni Expedition having to be paid for during the current year.
- (2) Freight charges on rations, maize and general stores paid to the Emperor Navigation Coy sent from Cobuca to Sorrali.

Item 14. (Contd.)

(8) The impossibility of accurately estimating for the freight on food to be transported to the Northern Frontier District Stations from Java-land.

A job from Military Post, Savings  
 & 600 - General Savings.

Item 15. It was necessary, in order to bring the Hmong people under administrative influence and also to endeavour to capture certain rangers of a settler, to send a military patrol to Waragut. The expenditure was unforeseen, but the urgency of the case necessitated action being taken. It is hoped to meet this from General Savings.

Item 16. This amount is required to purchase a new flagstaff to replace the one at Cao Bang part in which signs of rot are visible. It is therefore necessary to have a new one at Cao Bang. It is a Savings on Fort and Marine Posts.

Item 17. This is to provide for the wages of 6 native telegraph learners for the period from 1st December 1911 to 31st March 1912. The Postmaster General has a number of educated natives under training to become telegraphists, their progress however warrants their receiving wages and they made representation to that effect. Unless some payment could be provided they would probably seek employment elsewhere and all their training in telegraphy would then have been wasted. Savings on Post Office Posts.

Item 18.

**Item 10.** This sum was required to effect purchases of quantities of improved maize and beans for issue to the natives in the Provinces of Umanu and Honyu before the sowing season commenced as the Director of Agriculture could not supply the quantity required from the Habes Government ~~Stamp~~ Savings on Agricultural Department Vote.

**Item 11.** ~~500~~ represents an increase in the minimum of the scale of salary assigned to the Chief Computer from 2400 to 2600 and the balance for the additional staff of 2 computers with salaries on a scale not exceeding 2400 by 200 to 2600 to cope with the work, which it has been found impossible for the present staff to carry out. Sanctioned in G.O. despatch No. 730 of 18th December 1911. Savings on Survey Department Vote.

**Item 12.** The Director of Public Works reported that the amount allowed in the estimates is proving insufficient to meet the requirements up to 31st March 1912. To enable him to carry out the necessary maintenance work on Civil Buildings a sum of 2175 has been diverted from the vote " upkeep of Veterinary Quarantine Stations" on which <sup>an</sup> equivalent saving will be made. Re-allocation.

**Item 13.** This amount was required for a small addition above the strong room of the General Post Office which will ultimately be required and for the erection of which arrangements were made when the building was first opened. It was thought advisable to carry out this work as soon as the Extension of the Sorting Office was completed so that the material on the site could be used.
