Col. Sadler says that the Dec  
Council are in favour of another  
meeting, that it is the very  
honorable at Mumbai although  
that he himself is the very  
glad if Capt. Courie could be  
appointed.

There are at present 8 off-  
icial and only 3 official  
members - Lord Selwaine,  
Lt. J.H. Wilson, and Lt. A.L.  
Bridges.

There is plenty of room,  
therefore, for another official  
members. But on the whole  
I think that Col. Sadler is  
so well, we had this suggestion  
to meet with the Dec but  
more reference of the working  
of the Council, especially as it  
is probably being held at  
the moment and I am  
in support of the other members  
of the Council and I am  
in support of Capt. Courie  
the appointment of Capt. Courie

would probably lead the  
Mombasa people to aitate  
for the off of mission  
Mombasa man.

 from him that there is  
 a substantial difference of opinion
