with reference to your confidential despatch of June 28th on the subject of Mr. Hirtzel's electric concession at Nairobi. I have the honour to state that I agree the views expressed by Mr. Blake in his letter of June 27th, and think that, if the contract is remodelled at all, it is most important that technical advice should be obtained.

I assume from your letter of June 27th addressed to the Government of the Colonies that another draft is being prepared by them.

I have the honour to be,

Your most obedient,

humble servant,

J. G. Walker
