My dear Justice: The Court
has accepted my plan for the
reformation of the Constitution
and I am sure that you will
agree with me that it is a
very important and necessary
step.

The plan is to have a
Constitutional Convention
to amend the Constitution
and to elect a President
and Vice President for
four years.

As a result of this
reform, the President
will be elected by a
National Elector College
and the Vice President
will be elected by a
separate body.

I believe that this
reform is necessary for
the future of the United
States and that you will
support it.

It is not just the
reformation of the
Constitution that I
am proposing, but
also the reformation
of the government
itself.

I believe that the
present government
is not working
well and that a
new system is
needed.

The new system
will be based on
the principles of
liberty and justice
under law.

I believe that the
people of the United
States are entitled
to a better
government.

I am sure that you
will agree with me
that this is a
very important
and necessary
step.

I believe that this
reform is necessary
for the future of
the United States
and that you will
support it.

this direction would
be in line with the
principles of
liberty and justice
under law.

I believe that the
present government
is not working
well and that a
new system is
needed.

I am sure that you
will agree with me
that this is a
very important
and necessary
step.
