WHITEHALL, S.W.  
24th April 1907.

B.D./Africa/27.

The Director of Military Operations presents his compliments to the Under Secretary of State for the Colonies and begs to acknowledge the receipt of Sir Arthur Hopwood's note of the 19th April 1907, and the accompanying copy of a despatch from the Officer Administering the Government of the East Africa Protectorate, and tracings for a map of the SOTIK and LUMBWA Districts. The map will be reproduced without delay, and the required number of copies will be furnished.

With reference to the last paragraph of Major G. E. Smith's letter, a copy of which accompanies the despatch above mentioned, Major General Ewart cannot advise that permission should be given to this officer to correspond direct with the Director General of the Ordnance Survey. Such a course would tend to prevent the Colonial Office and War Office from a sufficient up-to-date information of the progress of the surveys, and it is essential that those who have a knowledge of the whole question
