Dear Sir

I would be pleased to know if I
go on to B. G. I can still secure an
area of 100 square miles of prime country
for the purpose of planting the rubber
growing, or for further cultivation, or
failing above, if you find in the report
could get 50 square miles each, & possibly
work & jointly, we will be prepared to
repaid anything up to £20,000 on the
100 square miles jointly, or separately
if the terms & conditions are similar
to those contained in the lease granted
to Mr. Pope of the Cape American, at Col
or if there are any alterations, please say
what they are

I will feel obliged for a reply per
return of post

Yours faithfully
