Hon Sir

Re Mr R. J. Hanscombe's Sabea
Concession of 50 square miles on the
Sabea River, in British East Africa.
He like many others, has had the necessary
capital to work the above area to
advantage.

I have some friends who are willing
to furnish capital, to the extent of £12500
to work this concession, I presume you
will have no objection to the transfer
of the lease to my friends, against the
usual guarantee deposits etc.

I will be glad of an early reply
