Mr. E. G.

Please see Mr. Stockman's note attached. I gather that he recommends the course & I suppose therefore we must give the necessary two months extension with three quarters pay, as in the Board's case?

course of instruction must be  
 taken during ordinary term  
 and that term will not be  
 extended for the purpose  
 of going through a course.  
 But it should be clearly  
 understood that this is an  
 exception - and that it is  
 made because Mr. Sturdy  
 is the Head of the Dept.  
 and because it is strongly  
 recommended by Prof.  
 Stockman. The case must  
 not be used as a precedent  
 for granting extension of  
 term in other cases.  
 Give him  $\frac{3}{4}$  term.

Mr. Norman Tamm.  
Edinburgh.  
Sept 18 1907.

Sir,

I have the honor to apply  
for a two month extension of  
leave to enable me to attend  
the pre-graduate course of Veterinary  
Pathology and Bacteriology at the  
Royal Veterinary College, London. This  
has been the plan of my  
study.

The class fees together 322  
with three quarters salary was  
granted to Mr Brandt my Deputy,  
during the course; I would ask  
that the same conditions be  
maintained as  
me.

I have the honor to be

Sr.  
Yours most obedt. humble  
Secretary

Mr Bottomley,

My understanding was ignor-  
 ant of the fact that one had  
 applied long beforehand for a  
 place in the post graduate  
 + in consequence has been  
 ruled out of this one. I  
 next about the next one  
 that he will have to  
 find a place almost at once  
 as he is going to attend.  
 There are two sides to the p.grad  
 one is that it gives

improve himself. No doubt you  
will have other men having  
the same dilemma as Sturdy.  
What I venture to suggest  
that City Repts. be encouraged  
informed that if officers wish  
take these courses they must  
make arrangements well  
in advance. There is another  
however, worth considering in  
case of officers already holding  
appointments. It is the matter  
of cases the advantage is  
that they get their information  
brought up to date. I believe  
class expenses are paid by  
and to insure that value

and I would suggest that  
payment of fees etc. should  
rest on the officer passing  
the city part of the E.S. exam.  
All our men  
to pass it, and if they  
twice their services are  
accord with

Yours sincerely  
Stewart Stockman

A man a start as an  
ator if he has got it in  
but of course if he has it  
it in him no amount of  
learning will improve him  
this respect. The other is  
that if he works under  
tution he will have his  
information brought up to  
regarding tropical + other  
which is of course some  
since several of Sturdy's  
have taken the course  
~~the~~ <sup>Sturdy</sup> ~~for~~ may not have  
an opportunity for several  
though it would be a  
to let him go back with  
having had a chance to
