Appointment of Sub-Officer

Will you sanction savings on salaries of Forest Officers being utilized for temporary employment of surveyors to survey forests as considerable expense is being incurred by want of suitable plans.

(Director.)

Mr. Read

This is the first officer at \$250 is only now being appointed so there is more than half a year's salary to save.

I think probably this will be a most successful measure and I hope your Committee's general scheme.

I suppose he means he has got a suitable man on the spot.
