Final

My Lord,

I have the honor to submit a copy of a petition, which I reply thereto, which was presented to me by a committee of the Indian Community on the 6th instant, praying that the Indians resident in East Africa may be granted the privilege of representation on the Legislative Council of the Protectorate. Although the signatories to the petition are all residents of Nairobi, I am aware that they voice the feeling of the Indians resident in Mombasa, and in my reply I dealt with the question as affecting all Indians domiciled in the Protectorate.

There is little to add to the views I have already expressed in answering the question. The Indians resident in East Africa number some 15,000; they have for years been intimately connected with the trade and development of the Protectorate; their numbers are increasing; a large part of the trade and commerce of the port and towns is in their hands, and they almost monopolize the retail business with the natives in the districts where they are the chief

drive.

the we under conditions which could be impossible for Europeans.

3. When the Council was formed last year the question of an Indian representative was not left out of consideration, but there were reasons why it was thought better to confine representation on the Council at its start to Europeans. European non-official feeling in the Uplands will continue to oppose to the Indians being represented, but I do not consider that any such feeling should outweigh the legitimate claims which, I am of opinion, for the reasons given above, the Indian Community has advanced for the favourable consideration of the request they have put forward, and I consider that the time has now come for this request to be granted.

4. Should this view meet with Your Lordship's approval I would propose that one Indian gentleman be nominated from the Indian Community of either Nairobi or Mombasa to represent the Astorians domiciled in East Africa on the Legislative Council for a period of two years.

5. I do not anticipate any difficulty in making a suitable nomination for His Majesty's approval.

Thanking you kindly
with the greatest regards,

Your Lordship's most obedient,
bumble servant,

H. P. Shattock

12 JUN 08 Nairobi,

April ... 1908.

May 16 please Your Excellency.

We, the undersigned members of the Asiatic Community representing as we do a very important factor in the prosperity and development of this Protectorate beg leave to approach Your Excellency with this our representation which is very humbly stated:-

(1) That we view with apprehension and alarm the present situation, inasmuch as representing about 7/8ths of the immigration population in British East Africa, no one has to date been admitted a seat on the Legislative Council to espouse our rights and interests in all questions affecting our status as loyal citizens of the Crown.

(2) We fully recognize that this Protectorate is daily growing in importance and with the present constitution of the Legislative Council with no one to represent us, bears to us an incalculable hardship in obtaining that justice and equity which by the Proclamation of 1885 of our late lamented and beloved Sovereign QUEEN VICTORIA, we believe, we have in common with all British subjects everywhere under the English Flag a right to expect.

(3) In this connection we would very respectfully beg leave to give below an extract from a letter from

H.E.Lt.Col.Sir J.Hayes Miller,K.C.M.G., C.B.,

B.M.

Governor and Commander-in-Chief,

British East Africa Protectorate.

Nairobi.

His Royal Highness Gracious Majesty the King to the Viceroys and
Governors General of India published in August 1907 and
in the English paper Vaidikalpataru, a paper which
Your Excellency will honour, is in itself a proof of
the great interest that His Majesty takes in all matters
affecting the welfare of His Indian subjects.

In the letter His Royal Highness writes very
simply:

"The self respect of my Indian subjects is due
to me an object of high concern, and I deeply
moved when I think of the fact that they are
born with such fine natures, and yet are
stricken down".

He also writes:

"I would communicate to you
of my sympathy to my Indian subjects
and their welfare, Your Excellency,

"that you will state the opinion of
such persons of mine, they are from or highly educated
from the Indian race. From the King himself, cannot
be done nothing else can, to restore the equilibrium
between the races and establish a feeling of the
same confidence in equality, as exists in the Jones
obtained him through our friends fair contracts. All
be fully maturely considered, and that your Excellency
will set in the footsteps of your illustrious predecessor
and fearlessly do something for me in the teeth of
much opposition in the connecting Committee."

(4) We would very respectfully urge to the favour
of Your Excellency's kind consideration that in
the M.T.Council of India now in the Committee of Andamans,
Bomber, Bengal, Assam, Cooch Behar and Burmah, etc.,

there is no suitable

not only in the development of trade but also in the general development of the Protectorate; and I have ever found you here as elsewhere peaceful and law-abiding citizens.

4. These facts, I consider, constitute a legitimate claim for the sympathetic consideration of the request you have made, that the Indians domiciled in East Africa be granted the privilege of being represented on the Legislative Council by a member of their community in whom they have confidence, to deal with the questions in which the interests of the Amistic subjects of His Majesty are concerned.

5. I shall submit your petition for the favourable consideration of His Majesty's Secretary of State.

I have &c.,
