 There I was frightened and led them

 Col Patterson led them. However
 we did not go far. Col Patterson

the headman. Col Patterson found
the body gasping and he had the
doctor see her mouth.

She was found but a shaver
and we took all the guns, am-
munition, medicines and bed things.
Because we were afraid that Col.
Patterson and Mr. Blythe would
kill them also.

Because Mr. Blythe had shot himself
and we thought the others would
shoot themselves. She had a
wound from Mr. Blythe's mouth.

Mr. Blythe was afraid of Col. Patterson
that Col Patterson was trying to
kill him. I found her mouth
that she had shot I thought was
from Mr. Blythe and when I
went to the hospital it was her
spectacles. When Col. Patterson
told us that she had shot herself
I was afraid of Col. Patterson.

told us that when a gentleman com-
mitted suicide it was custom to bury
him not in a deep grave.

Afterwards Col Patterson told us Mr.
Blythe says you are to burn the
clothes - he buried the clothes I
myself burned them. I poured kerosene
oil over them burned them.

He put stone where we had buried
him. The doctors of Ambrose shadowed
him.

Col Patterson told us that as the
day he had died there that day
they could not leave the same day.

Col Patterson told them that
if they would not go he would
go alone with his rifle with him.

He would not let
him go with all of them.

Col Patterson persuaded
them all to go. he left at 2 p.m.

and travelled they thought because
there was no water in hand.
I was afraid of Col. Patterson when
he was a bit rough in a letter
and told them about.

I asked if he could go on
 they said they could. Lt. Patterson said they
 would start at 1.0 clock. I went to
 the headman's tent. Lt. Patterson
 came. I asked for medicine. Then
 I heard the sound of a revolver.
 I went to the tent and found
 a man on his back head back &
 a woman in his mouth. Before we
 went to the tent we heard the
 sound of a revolver and running

It was full day, rainy from

Mamab's Col Patterson and Sub

account of stones & no water so
they came back. We left Mamab

met Mr Home about 12 hours journey
from Embu. We had a day's journey
from Embu on the way back.

We had a hardy about 3 weeks on
the 11 after that we proceeded
after Mr Olyth's death. We had
one that followed us to the
other one with us. Col Patterson
and Mr Olyth slept in the
tent every night there were
beds.

The night Mr Olyth died. Mr Olyth
had been in bed for some time
and had been very ill.

Mr Olyth's hands were
very cold when he died.

The rain was very heavy
and the ground was very
muddy. We had to
