Mr. Read

Asked on 19 Nov for details of the fees which will be received by the Adm'r Court in aden to sustain law fees the drift would be sufficient for presenting the matter at a separate office.

The legal adviser will not be satisfied without this in any day in the Order a fee which would complete the matter for a private office, or whether the existing arrangement of the whole of the judges - the

Mr. Riley

If there be 2 or 3 or 4 others, it  
will be best that we nominate the certain  
of new dispensers.

Also to ascertain what, when, and  
where our new dispensers

will be necessary at the moment  
when the dispensing is to be

discontinued (if they) etc., etc.  
in that case the first "dispensers"  
will have to be the County ones,  
but the new ones will have to be  
the ones in their own areas.

The said dispensers represent  
the County at the Affairs regarding  
the same, & their removal

will be by law and cannot be avoided

I am not quite clear whether this order has been  
conceded to by the Govt. or not - the practice to send  
two authenticated copies for the S.D.C.'s approval, but  
it is seen from para 3 of the Act, which is from  
the condition of the copy of the order with the H.C. (see  
p. 6 of the Act) that it has not received the  
corresponding consent.

Therefore, s.p. § XXXV 2 of the R. has twice created a  
difficulty. The order cannot be submitted to the Govt. in the year in which it was passed etc.

The Bill (for this very reason as yet) had therefore  
been recommitted & referred to the 1929 Session  
of the H.C. to stand till being referred to the Com.  
which I have called attention being concurred

There is one other point

I think it was generally agreed when the  
subject was fully discussed that it was  
undesirable to have one of the judges acting  
as Com. Secy., and I would suggest that  
the definition of "Judge Officer" in s. 2 be  
made a different officer if possible, or even  
of the person, if any, to appoint the  
Administrator of the High Court Administration  
organization this point because of the additional  
work involved in actually managing

there would be a difficulty of offering  
recommendations from him &  
naming him. Perhaps the title of  
Com. C. Secy. of the Com. Secy. of the Com. Secy. of  
Administrative power to do it being officer will  
be all right

November 19th 1898.

SOUTH AFRICA PROTECTORATE.

No. 587.

(Enclosure.)

My Lord,

I have the honour to transmit herewith for Your Lordship's approval two authenticated copies of the Administrator General's Ordinance 1898, as passed by the Legislative Council together with an explanatory Memorandum by the Crown Advocate.

1. Your Lordship will observe that the Bill finally passed the Council on the 8th of March last but as the whole question as to who should fill the post of Administrator General was then under consideration, I did not at once forward the Bill for Your Lordship's approval but considered it better to wait until some definite decision was arrived at.

S.M. Principal Secretary of State

for the Colonies,

Downing Street,

LONDON, S.W.

8. In this connection I would invite a reference to the third paragraph of Your Lordship's despatch No. 201 of the 27th of April last, and venture to express a hope that your Lordship will accord sanction to the creation of a separate post of Administrator General in the Protectorate Estimates for next year, a matter on which I have already addressed Your Lordship in my despatch No. 481 of the 11th of September last.

I have the honour to be,

With the highest respect,

My Lord,

Your Lordship's most obedient,

humble servant,

(In the absence of H.E. The Governor).

THE ADMINISTRATION ORDINANCE, 1939.

The object of this ordinance is to define the powers and functions of an officer appointed to administer the Gambia Estate and to provide for the powers and functions of such officer. I am advised by Mr. Singh, I believe, that the Gambia Estate has been administered by the Secretary of State since the date of its creation. Some time in the year 1937, the Secretary of State issued a circular letter defining the powers and duties of the Gambia Estate Commissioner or Administrator and also defining the functions of the Gambia Estate Commissioner and the Gambia Estate Secretary. In view of the fact that no specific power is given that an administrator can exercise, it is suggested that the Gambia Estate Commissioner and the Gambia Estate Secretary be given the same powers and duties as the Gambia Estate Commissioner and the Gambia Estate Secretary. It is also suggested that the Gambia Estate Commissioner and the Gambia Estate Secretary be given the same powers and duties as the Gambia Estate Commissioner and the Gambia Estate Secretary.

It is also suggested that the Gambia Estate Commissioner and the Gambia Estate Secretary be given the same powers and duties as the Gambia Estate Commissioner and the Gambia Estate Secretary.

ALTERATIONS

alterations and additions have been made; the Committee has to wait to see if the Assembly meets on the 1st day, before the question as to who may be elected will arise. The Assembly has not yet been convened. It is agreed that the agent should be present at the election so that he may be able to advise the people as to the best course to take. Meanwhile the Agent of the U.S. is applied to the Secretary of State for advice.
