Emigration to E.A.P.

Communicate their ideas on the subject, and scheme for finding desirable emigrants from all parts of the world with a little capital. Suggest communion with Salvation Army.

(Minutes.)

Mr. Stewart: Antwerp.
I think the prospects of white settlers in the E.A.P. are too undecided at present for the Govt. to take any responsibility in advising people to go there.

But I say that the condition of the country has not as yet taken steps for wanting the assistance of the Salvation Army in the way which they suggest.

I have the pleasure to ...

European Children could be properly brought

them, as they do not hold themselves out-

REC-2 MAR 08 1968

Sir
 We are formulating a Scheme dealing with several Commercial and other ideas in connection with British East Africa one of the objects of which will be fostering and assisting emigration to that Protectorate and in so doing appealing specially to farmers Stock Breeders & having on limited means say £200 or £300 a class of Emigrant which up to the present, altho' by no means unworthily has not received any considerable amount of attention. The Scheme it is apprehended will develop itself into two or three branches - (1) To obtaining persons suitable to Scheme - (2) To financially aid such persons in their various callings and enterprises contemplated by such Scheme

One object in communicating with you is in reference to Part 1 and our idea when further amplified, we think should appeal to you and in such case secure your Co. operation to that part of our project i.e. the finding of persons forming the class answering the requirements of our Scheme.

With regard to the 2nd part, we probably shall not require your Co. operation at any rate for the present but incidentally we may mention on the financial part that whilst carrying out the object described in a manner as the same will be associated with certain Commercial enterprises the intended operations may be in part or distinctly more than self supporting.

If the general idea as disclosed in this letter appeals to you we shall be glad to meet you by appointment in order to afford you more in detail the object we have in view.

We are Sir

Your obedient Servants

Sir,

We have your letter of the 27th ulto and in reply beg to inform you that Mr. Williams has not availed himself of the permission which you gave us to establish a trading station at Bardera. Mr. Irwin represents Messrs. A. & F. Mabbitt who are interested in the Abyssinian Development Syndicate Ltd. but at present Mr. Irwin is acting entirely for the former.

We remain, Sir, etc.
