No. 462

R. O. 40783

Dec 17 1909

My Lords

In reply to Your Lordship's telegram of the 16th instancy I have the honour to report that the amount of £1000 referred to has been in compliance with the resolution of Government House, Nairobi, and provision has been made for the amount involved to be defrayed from public funds. The house is at present in a half furnished condition.

I have the honour to be
Your Lordship's humble,
obedient servant,

GOVERNOR.

THE SECRETARY OF STATE FOR THE COLONIES,

My dear Girouard,

I was glad to see from your letter of the 13th of December that you and Lady Girouard like East Africa and that you enjoyed Roosevelt's visit.

These entertainments are certainly a great tax, and we were pleased to be able to get a special £500 for you from the Treasury to cover your expenses over the visit of the Duke of Connaught's party. You will have had the despatch about that.

When we got your telegram of the 11th of

Government

have no doubt visited some ...
something of a surprise to us, as it should strictly

have been placed through the Crown Agents - under Colonial Regulation 189. - Lord Curzon does not want to make any difficulty about it, but we shall have to get Treasury approval and be able to show them that the articles were indispensable and that the charges are correct and not excessive and to explain how the cost has been covered by savings on other services, and in order to avoid unnecessary official correspondence he has asked me to mention the matter to you so that you can let us have the information you need. I enclose the detailed account which you will be able to check.

I was greatly interested in your reports - they represent an enormous amount of work for the few weeks you had to prepare them. I wish it were possible to meet you more fully. - You will have had our telegram as to the necessity for postponing our departure for a time - it is a pity, but I am sure you will find Godeaux a man who will be ready to co-operate with you in every possible way.

Your

Your good opinion of the railway management was very satisfactory. I have no doubt there is a lot to be done in other departments, but we have always been compelled to go slow in East Africa for financial reasons and there are a good many of the men left over from the days of the Company and the Foreign Office control who have hardly been able to keep abreast of the times.

All good wishes for the New Year
