My Lord:-

With reference to Your Lordship's Despatch No. 151 of this series of the 20th ultimo, I have the honour to report that I have now received a Note from Herr von Mühiberg, expressing the agreement of the Imperial Government to the proposal of His Majesty's Government that the further discussion of the question of the boundary line in East Africa between Laitokitok and the Rufu River should be adjourned till the reports of the Commissioners have been received or till they have returned to Europe.

Herr von Mühiberg adds that the German Commissioner will probably not return to Germany before February next, as he has yet to connect the boundary triangulation with the already existing triangulation of Usambar.

I have &c.,
