REC'D
JAN 25 1906

Mr. Underwood

151

There is no person in
on the Station etc for a
Conservation of Forests at
£800 but there is no
office offered

I am deeply indebted to you
D. Stewart and your
concern for offering
another office to take his
place, but not without
attached to the office
of both places under Mr. Underwood

The F.O. however in
writing to Treasury on 8 Feb.
(with) said "You are
aware of the great importance
of proper control of the Forests
in the Post. The P.O.P. is aware
from abolishing the post, although
he would be willing

help are
the board
some of
land
war

to entrust the care of this 152
dept. temporarily to Mr
Linton, the present Director
of Agriculture who happens
to possess valuable knowledge
& experience of forests.
"In this matter I am in-
clined to agree with
F.O.

There are many important
questions before us
e.g. the question of
furnishing fuel for
on what plan you intend
a draft of Messrs. Linton
& Linton's plan for
at the Udaipur Rains,
the proposed concession on
the part of the Mangolia
State, and the question
of the supply of fuel to
the Railway
At present the superior
staff of the forestry
board of the Government

Facets of Veterinary Dept. 153
consists of 4 offices at
£250 p.a. on two years
agreements, improving
Apert Street.

It seems a good opportunity
for pulling the Dept. on
a sound basis.

I think we should write to
Commr. regarding...
the F.O. view that a...
Committee of... Facets...
... of his views on the...
and a report on the...
of the present Facet Offices.

1944/9
In the meantime we can
be looking about for a good
Facet man; they are not
easily found.

Succeed as proposed. We do
very much want consistent advice
- pretty. We have no excellent
Conservator in S. Nigeria whom

we got through the India
Office at 5000 a year and
July pay; and, if we could
get a similar man in the
same way for S. M. Post, it
would be very useful.

P. M. Post. 75
it will

M.O.

L.A.P. No 438

Comm - Sir W. Stewart

29 September 08

Sir In your report No

706 of the 12th of Nov

last you deprecated
the appointment of a surveyor
to Mr. White in
the Dept. of Conservation
of Forests and recom-

ended that the
Forestry Dept. should
be attached to the
Agricultural Dept. &
that both should be
placed under Mr.
Linton

2. In consequence of
his expression of your
opinion one of the

part has been left
sacred; but I think
that, in submitting
the estimates to the
Treasury, I had been
- done imposed
himself as well as the
abolition of the post,
though nothing to be
without the debt term.
- priority to Mr. Linton

3 I concur in Lord
Lansdowne's view
of this question. I
- deed I consider
that a properly organized
Post Dept. should be
thoroughly qualified
to be entrusted to
for the proper
administration of
the public estate in
the Post Office.

4 The opinion of such
an officer would
be most valuable.
For example, in the
consideration of such
questions as the fuel
supply of the
Great Railway, &
the grant of large
timber concessions
such as that for
which Mr. G. G. G. G.
& G. G. G. G. are
applying, while
a properly organized
Dept. is no help
necessary to carry
out the policy which
may be decided
upon or agreed to
there & similar
matters.

4. I should accordingly
be glad if you would
reconsider the matter
from this point of view
I repeat to me what
arrangements you
regard as desirable.
I am not aware of
the nature of Mr
Linton's qualifications
as a
Fleet Officer, possibly
having been
to which the
provisionally the change
case of the points, but if
so, it would appear
desirable that it should
be reviewed of the man
sent at least to
his other duties &
I should be glad if

you would report
pursue me with
a report on this aspect
of the question 156

5. I should also be
desire to be informed
as to the respective
qualifications of
the existing Fleet
Officers. It is
that they are
arrangements which
terminate next year,
so that an opportunity
will then occur of
replacing them
by more qualified
persons, if such a
step should be found
desirable
