

EAST AFR. PROT.
No. 22255

22258
Recd 28 JUN 05

(Subject.)

Tana River Concession

Thanks for copy of but hopes restriction
as to subletting may be removed.
Preparation of map of river as in hand

(Minutes.)

Mr. Reed

Think I might say that the
Comm. will no doubt be prepared
to receive his dismission which
Chair had said to allow
with consent a subletting in
small blocks to the local
settlement - the object of the
provision being to prevent the
on 11/22 20/6

Mr. [unclear] ... + send copy of the
S. info then to the Comm? ?

80. Mining Lands 2258

London, 27th June 1841

341

The Under Secretary of State,
Colonial Office,
London, S.W.

In further reply to your letter of the 21st ult.
I am instructed by my Director to
thank you for the consideration shown in the
views proposed for a lease of land on the
Tanna in the East Africa Protectorate.

My Director ventures to hope that, as they would
to designate the land for the purpose of attracting
settlement, restrictions as to subletting might be
approved, the object being to enable to an extent
whate is as possible.

The preparation of the map of the reserve is in
hand, but the work is necessarily a matter of time
and will probably occupy some weeks longer.

I am, Sir,
your obedient servant,
P. H. H. H.
Secretary

to Mr

30, Mincing Lane

London E.C. 2

London, 27th June 1905

341

The Under Secretary of State,
Colonial Office,
London, S.W.

In further reply to your letter of the 31st ult.
I am instructed by my Directors to
thank you for the consideration shown in the
terms proposed for a lease of land on the Tanna
Island in the East Africa Protectorate.

My Directors venture to hope that, as they wish
to acquire the land for the purpose of attracting
settlement, restrictions as to subletting might be
removed, the object being to enable to an increasing
extent as far as possible.

The preparation of the map of the river is in
hand, but the work is necessarily a matter of time
and will probably occupy some weeks longer.

Yours obedient servant,
P. H. H. H.
Secretary
