(Subject).

Kenya Province  
Timber leases to Lindt & others

It is reported by Sub. Com. after a tour of the district referred to in the applications accompanied with a sketch.

(Minutes.)

Mr. Read  
P. on 17640 - on wh. the minutes are incomplete.

As far as the Favour of Government concessions are concerned little further light is thrown by this report. We are not able to go through the portion of their proposed grants, nor is anything material added as to the nature of the timber or the means of transport.

These are points which require further consideration before proceeding further  
S. J. R.

The report however shows the proposed grant to be a very large one in return for land surrendered by Government.
