reference
1020/107

N. ...
Have you any information
to offer?

I would advise a careful inspection
of pig establishments, & in the event
of one or two being found affected
they should be dealt with by slaughter
ing out. If the disease be found to
be general we can only apply the
ordinary restrictions & await the
results of further investigations.
The Board are considering such meas-
ures at present & anything of interest
will be communicated.

S.S. ...

Say that the matter has been referred
to the Bd. of Agriculture & that they
advise as in Mr. Stockman's
minute

above

- Mr. S.
- Mr. H.
- Mr. Marshall
- The Secy of State

I have the honor to
ack. the recd. of your
dispatch no. 212 of the
30th of May, reporting
of an outbreak of some
fever in the E. A. P.
The matter has been
referred to the Board of
Agriculture, who advise
that the py. establish-
ments of the Postgraduate
institutions should be carefully
inspected and that
if it is found that any
persons are affected
they should be dealt
with by the proper
authorities.

21687

general of nothing be
possible to apply the
ordinary restrictions
and to await the results
of further investigation
The Board are conducting
and investigation of
the nature of present
and by all means
by information that
may be of interest
J. Lane
