Offr of Junior Staff Sergeant

Director of Survey asks for - Funding by 1st march recommendation to complete establishment in accordance with revised Estimates involving local appointments and promotion

(Minutes)

Mr Head

The promised despatch will cross our desk of 10th July, or thereabouts, but they know of the efforts of Messrs Lamb & Spalding & we can therefore only conclude that one of the local men always named ever down in the Gass but (Mr Lambert) has fallen through.

Mr Birch (20900) (at 1/2) is considered by the local people to be a very good man & at night and found to call on Major C. at an early date? But there are many others who would have to be considered also.

Mr Head

Mr Birch has just the crops (15/11/07) as an best candidate but seen last night but at 22.

Mr Birch (20900) & Mr Birch (21194) would do if taken at last night (it is proposed to fix up a commission for the local candidates), & of the two Mr Birch is the better.

(Minutes.)

M^r. Antrobus.

As the Com^{rs} point out in 25269,
M^r. Macdonnell has done excellent work in
the past & in the past, he has no power to
raise the people are partially dependent upon
him, or he has had to borrow the greater
part of the money to pay the claims. The
natural tendency would therefore be to treat
him leniently as possible, but I do not
see how we can adopt the Gov^t proposal.
The Treasury would never agree to a refund
of the £850 (or £700, after deducting the
fine of £150 which the Com^{rs} propose to
impose on M^r. M.), & after the House meets
I think that it would be very difficult to
keep M^r. M. in the saddle, even if he were
degraded to the position of Collector. I am sure

the procedure of depending upon a
very unsatisfactory, as they are not likely
to render efficient service - the future only
great loss could well be the eyes of their
fellow officers & the nation. I can only
suggest that we should make a strong
appeal to the Treasury for ^{the} a pension
to which his service entitles him.

I see from a recent report
the 2^d opinion stated that the ^{prosecution}
was a case of the illegal stopping of
articles by Mr. ... ^{is} ^{understanding} ^{what}
action is ^{now} ^{being} ^{to} ^{take}.

With regard to the disposition of ^{what}
under ^{article} 77 of the Native Courts
Regulations (see the 4th part of the
gazetted in 25269). I see, that under
^{article} 78 of the same regulations -

The Commr. shall forthwith report to
the Govt. Secy of State for Foreign Affairs
any ^{proceedings} made by him under the ^{proceedings}
articles and the grounds thereof, & the
proceedings themselves, & I think
that it would be well to call the
attention of the Govt. to the latter
articles ^{by} ^{the} ^{proceedings} ^{proceedings}

to G. H. Bradenburgh, I agree
with his Report that the best

thing would be to send
him. But it will be hard
to persuade the Treasury
that it is right to give
him a pension 4 years
before he has reached
the pensionable age.

During a pension, he
might be employed, as sug-
gested by Col. Suter in
his note attached to 21715,
on the work of registering
slaves which might take 3
years. He is at present (see
last part of 25269) being em-
ployed on other temporary
work. If it be better to
send him on temporary
work than in a lower posi-
tion in the regular service.
