The New BUCKLE

The Most Talked-of Car in The World To-day!

The new British made BUICK SPECIAL DE LUXE TOURING has been instantly recognized as one of the most outstanding accomplishments in motor car history—regardless of price.

DE LUXE Top Elevating Self Elevating Buick De Luxe TOURING £445 Complete.

Many other improvements make this new model... A vibrationless, fast silent car. More than power enough for any emergency, or for any hill. Rugged in construction and possible for a car to go.

A vibrationless, fast silent car. More than power enough for any emergency, or for any hill. Rugged in construction and possible for a car to go.

The New Buick De Luxe TOURING is now on exhibition at our Sixth Avenue Showrooms.

Gilfillan & Company, Ltd. DISTRIBUTORS

Adjustable The driver's seats of this new model are adjustable. No more front seats need to feel cramped when driving. If more leg room is required the seat can be brought forward to a position where the foot pedals can be easily and conveniently operated.

Trunk A folding type trunk rack at the rear of the trunk is carried on the right hand running board near the front fender.

Rigid Type The Buick De Luxe touring car is equipped with rigid side sills which will clear "vision". The car may be driven with the top down but curtains are stored in a neat compartment in back of the rear cushion.

The Touring Car

WITH SIXTY accommodation for five passengers, the Ford Touring Car is undoubtedly the most practical general utility car on the market.

Seat and seat backs are set at a useful angle. Despite its size has been provided for moving the front seat slightly to the rear and mounting it on the back, and enlarging the conventional steering post hole, created by the instrument panel, reducing the possibility of vibration and contributes to the comfort of the driver.

The modern six-man top with 2200 cc cylinder and large square window at the rear provide a pleasing appearance while using. Being a touring car, it is equipped with a spare tyre, a spare wheel, and a spare inner tube.

Standard accessories furnished as standard equipment.

Good pulling from petrol, like good pulling in a tug-of-war, depends upon good lubrication. In Shell, the hydrocarbon which gives extra oil power, speed, better oil, and easy starting, are well balanced—no hydrocarbon predominates at the expense of others. Whatever your car, Shell will get the utmost performance out of it, always.

Buy your Shell from the certified Shell pump, or in the sealed red can.

Ford The Touring Car

WITH ROOMY accommodations for five passengers, the Ford Touring Car is undoubtedly the most practical general utility car on the market.

Seats and seat backs are set at a useful angle. Ample leg room has been provided by moving the front seat slightly to the rear and underfitting it on the back and enlarging the coil. A steering post brace, fitted to the instrument panel, reduces the possibility of vibration and contributes to the comfort of the driver.

The modern one-man top with grey curtains and large square window at the front present a pleasing appearance, while snug fitting side curtains ensure passengers thorough protection in all weathers.

Durable metal rims are furnished as standard equipment.

TRADERS LICENSES TO BE RECONSIDERED.

Governor Reviewing the Position.

TOWN MEMBERS AFFEAL

The Legislative Council on Thursday reviewed a number of Bills which were drawn in the Order of the Day for second reading. The Traders Licensing Amendment Bill, it was estimated, would not be proceeded with until the Governor had had time to consider the whole question. The object of the Bill is to amend the Traders Licensing Ordinance, 1925. The main alterations introduced in the Bill are to increase the license tax on stores and the licensing of certain work in a store.

Mr. H. C. Moffatt (Traders) is in connection with the issue as to whether or not the Government community like to ask the Government would seriously consider at an early date the possibility of the removal of trading licenses which were a heavy burden on the pockets of business. The license was imposed first in 1922 during a period of considerable depression, but at the present time the position was entirely different and he believed Government would wish to dispense with the small revenue tariff from the £2 revenue which imposed direct taxes in proportion to a small section of the community. Mr. Moffatt supported until the previous speaker had said he did not think it was then advisable for Government to do so.

Mr. Moffatt was then addressing for further consideration the Bill. DON'T FORGET TO CALL AT OUR NEW AND COMMODIOUS PREMISES WHERE ALL KINDS OF FOOTWEAR ARE DISPLAYED REPAIRS EXECUTED HEALTH AND PROMPTLY.

Cruden's Historical Crude-uns No. 6

Johnnie Walker has his distilleries in the West. Other people have distilleries in the East. This is why Johnnie Walker is so famous. His whisky is made from the best grain and is aged for a long time. This is why it is so good. It is the only whisky that is made in Scotland. It is the only whisky that is made in the West. It is the only whisky that is made in the East. It is the only whisky that is made in the world.
