### A VISITOR TO KENYA.

Mr. A. Wigglesworth.

His Majesty the King and Queen visited an unbroken interval in the country. They said many people visit to different courts, in fact, and on one occasion they were accompanied by Their Majesties the King and the Queen. They examined the country and the people and expressed their admiration. They were accompanied by the King of Denmark and the King of the Netherlands. Their Majesties the Duke and Duchess of York and the Duke and Duchess of Cornwall and York. They were accompanied by the Duke of Devonshire and the Duke of Devonshire. They were accompanied by the Duke of Devonshire and the Duke of Devonshire.

Dealing with the continuation of the Exhibition this year, Mr. Wigglesworth expressed the view that the weather conditions last year were so unfavorable that many people who were unable to attend would make a point of visiting this year.

DEMAND FOR SIBAL. The Sibal is a very important article in the East African trade. It is a very important article in the East African trade. It is a very important article in the East African trade. It is a very important article in the East African trade.

THIS KENYA EXHIBIT. Mr. Wigglesworth, as Chairman of the Kenya Exhibition, is to be expected as an authority on the Exhibition in London last year. He is of the opinion that the Exhibition in London last year was a success. He is of the opinion that the Exhibition in London last year was a success.

ORMSBY-GORE COMMISSION REPORT

TEN MILLION LOAN TO EAST AFRICA

Road & Railway Development.

BRITAIN'S OBLIGATIONS EMPHASISED.

Imperial Investment a Business Proposition.

MR. LEIFERD'S ADDITIONAL PROPOSALS

(LEIFERD'S SPEECH CONTINUED)

London, May 7. The report of the Ormsby-Gore Commission on East African Development is a large and important document. It is the first of its kind to be published in the form of a report to the House of Commons. It is a document of the first importance. It is a document which will have a profound effect on the future of East Africa.

TRANSITORY

The Commission's proposals for the improvement of the roads and railways in East Africa are of a temporary nature. They are proposals which will have to be replaced by permanent ones in the future.

With regard to the labour difficulty which is one of the main obstacles to the development of East Africa, the Commission has proposed a number of measures which will have to be adopted in the future.

The Commission has also proposed a number of measures which will have to be adopted in the future in order to improve the administration of East Africa.

Another proposal which will have to be adopted in the future is the improvement of the roads and railways in East Africa.

The Commission has also proposed a number of measures which will have to be adopted in the future in order to improve the administration of East Africa.

Another proposal which will have to be adopted in the future is the improvement of the roads and railways in East Africa.

The Commission has also proposed a number of measures which will have to be adopted in the future in order to improve the administration of East Africa.

Another proposal which will have to be adopted in the future is the improvement of the roads and railways in East Africa.

The Commission has also proposed a number of measures which will have to be adopted in the future in order to improve the administration of East Africa.

[The following is a review of the following issue of "The 1,000 Gunners" by Lord Arbuthnot.] RAGDY BUB (Weymouth-Lond and Oyo). THE MISS GADY.

### RACKETS.

#### American Wins Amateur Championship.

#### THE TROUBLE SIDE.

For the first time in the history of the event, the British Amateur Rackets Championship has been won by an American, and the number of our overland titles has increased to five. The winner is G. O. P. Dill, who was successful in the challenge on the 10th inst. by defeating the holder, W. Leask, by 15-10, 17-10, but was the American Rackets Champion on seven occasions and has ranked as one of the best ten-hobby players in his own country. The unfortunate, he experienced comparatively weak opposition on his way to the final, and therefore his play was not up to its regular standard, but he was undoubtedly a splendid player and a very worthy winner of the British amateurship.

### THE UNIVERSITIES.

Oxford University has been doubled and single matches in the several "Venue" games in the season. The Oxford players, Dr. G. C. Hawley, Harry and Peter, and A. R. Howard, Marlborough and Clary, of Cambridge, by four games to one (15-7, 13-7, 11-15, 11-15).

### University Bowlers.

#### LACK OF GLASS BOWLERS AT FAIRBANKS.

How many bowlers have been produced by the public schools in this "Special" is a question that is asked by the public schools in the United States. In the six seasons since the war, only seven "Special" bowlers have been produced in the United States. The "Special" bowlers have been produced in the United States in the six seasons since the war, only seven "Special" bowlers have been produced in the United States.

### Cricket at Fairbanks.

#### SPORTS CLUB MEMBERS TOWN SOCIETY.

The following cricket was played in the "Special" in the United States in the six seasons since the war, only seven "Special" bowlers have been produced in the United States.

### Canada and Rugby.

#### REPRESENTATION ORGANIZING TOURS.

In Canada there is strong opposition to rugby, and representing the Canadian players, the Canadian Football Union is organizing a tour to the United States in the summer of 1923. The tour will consist of a series of matches between the Canadian players and the American players.

### Parkie's Benefit.

#### TO BE TAKEN THIS YEAR IN JULY.

The Parkie's Benefit is a fund-raising event held annually in the United States. The benefit is held in July and is a very successful event. The proceeds of the benefit are used to support the Parkie's.

Are you thinking of adopting BALLOON TYRES? - If so, this is our advice

- 1. THE BALLOON TYPE OF TYRE IS GOOD. It has passed the experimental stage and has come to stay. But ours are better than others!
2. ON NEW CARS we recommend the wind-up type with special wall-base rim adopted by the leading British Car Manufacturers.
3. ON OLD CARS it is quite unnecessary to change wheels. As Balloon Tyres are of different dimensions to your own tyres, steering and riding clearances and spare wheel dimensions must all be checked. By keeping your present wheels you can continue to run your old type tyre, and gradually, for better maintaining, change to Dunlop Cord Balloon Tyres for existing tyres on your old type wear out. They are available in both Beaded Edges and Straight Side types, from all Dealers.
4. If you do change your wheels be sure you are guided by the policy of all leading British Car Manufacturers, and adopt the standard British type of Dunlop-wired on.

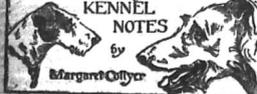

Apply to THE DUNLOP RUBBER CO., Ltd., at their Representative. The African Mercantile Co., Ltd. For full information. Members Nairobi Kisumu, etc. Be sure! your tyres are British and BE SATISFIED

### PORT TERMAN ACCIDENT.

#### Magistrate's Enquiry.

An enquiry was opened before Mr. B. A. Owen, the Nairobi District Magistrate, on Monday last into the circumstances surrounding the accident on the Uppingham Road on April 15, when the trucks were involved, and the driver and two passengers killed.

Mr. Charles Davis, District Engineer at Nairobi, said in evidence that the truck was in the accident when it was in bed and out of gear. The driver, company with the Traffic Department, was not in the truck at the time of the accident. The driver, who was not in the truck at the time of the accident, was not in the truck at the time of the accident.

### WYASALAND CONDITIONS.

#### Plumbers' Delinquencies.

The following table, compiled from the files of the Registrar of Plumbers, shows the delinquencies of plumbers in Wyasaland during the year 1925.

It is noted that the Registrar of Plumbers has issued a notice to the effect that plumbers who are delinquent in their duties shall be liable to be struck off the register.

### SPEED MISSTUDIED.

In a witness's opinion the driver misjudged the speed, and went round the curve too fast. A sudden application of the Westinghouse brake, which was not in the car at the time of the accident, caused the car to skid.

### ANOTHER GUARD.

It is noted that the driver of the train was not in the train at the time of the accident. The driver of the train was not in the train at the time of the accident.
