USE MICHELIN TYRES AND GET THE MILEAGE

The Motor Mart & Exchange, Ltd.

25 Miles to the Gallon 58 Miles per Hour 5 1/2 25 Miles in 8 Seconds

Never before has there been an engine so fully producing at anywhere near the low Maxwell price such speed and power, economy and absence of vibration in a cylinder car.

Cheylar engineers have combined with unprecedented smoothness a speed of 58 miles per hour and a flashing acceleration of 5 to 25 miles in 8 seconds.

They have engineered into this motor a gasoline economy of 25 miles to the gallon, and an upkeep economy which brings replacement and repair costs close to zero mark.

We are eager to prove these Maxwell facts in a demonstration drive.

VERMIKOL

SUCCESSFULLY EXTERMINATES MEALYBUG

Report by an Expert on E-A Agriculture.

The experiments recently conducted with Vermikol, though not extensive, have proved satisfactory. These were chiefly on the lines of soil fumigation.

The best results were obtained before or some time after the rains, when the soil was not wet and had a temperature of from 65 to 80 degrees Fahr.

The surface soil was levelled round the base of the tree and 2 lbs of Vermikol (fully grown coffee tree) was sprinkled in a continuous band about two inches wide with the inner margin about 4 inches from the base of the tree.

This killed the mealybug on the stem below ground and in some cases kept off the ants completely.

DIMENSIONS OF A DITCHER. By H. H. HOBBS. 10 s. 6d. 202 pp. London: THE AUTHOR at 4, BEDFORD SQUARE, W. 1, LONDON, W. 1.

In 1924 Mr. Hobbs was asked by the Colonial Governments of the West Indies to investigate the reasons why so many of the 100,000 officers serving in India were leaving the service. He accordingly travelled to India to Enquire into the reasons why so many of the officers were leaving the service. He was received in his own country with the greatest of honours. He was the only man to have been so received in his own country. He was the only man to have been so received in his own country.

LOVE DRAMAS OF THE PEARL.

No. 7. The Masked Duchess.

(By THORNTON HALL, F.A. Bar at Law, Author of "Love, Intrigue and Diamonds," "The Masked Duchess," etc.)

You may have had better cause to be proud of your children than the great actress, the late Barbara Stanwyck, who was born in the town of Abol, in the State of Nebraska, in 1896. She was the youngest of five children of a farmer and a school teacher.

THE ROYAL COURT. Behind the scenes had emerged from short fiction. The tale of the courtier's life in her different way was the first of a series of novels.

THE MASKED DUCHESS.

It was in Paris in those days of reconstruction, as she called them, that the French had a sensation in the Duke Talbot, whom her father had again. Like her father, she was a French girl, and she was again free to wear and to do as she pleased.

There is little economy in driving a large expensive car to the office to park it to stand for hours every week.

The high priced car's depreciation when as used is too great to even consider it in the light of transportation costs.

A FORD Car for 16 and from office and business trips offers the lowest priced comfortable transportation obtainable.

The practical appeal of the FORD car, whether for business or household use, is obvious for the present tendency is in favour for everyday transportation.
