THE EAST AFRICAN
 The warmest congratulations are due to Lord Delamare for the manner that he attended his efforts to convene a conference of delegates from the mainland dependencies in British Africa to discuss matters of common interest. The representative gathering of delegates from several territories were assembled at Bungee, a few miles north of Tabora, marks a definite and important step towards understanding the interests and purposes to be pursued in the future. It is a step towards the solution of the problems which are being discussed by the delegates from the East African dependencies and encourages confidence of these problems from the wider standpoint of what will be done for Eastern Africa as a whole.

Mr. C. G. Cox Wilson in a paper read before the 1922 Congress of the Uganda Farmers' Association stated— 'Messrs Cooper & Phipps have placed an excellent preparation on the market, which I have found most successful. It is simply mixed up with a trough with common salt and always keeps in the best order. The MEDICO keeps the stomach in such a condition that all worms, grubs are cleaned of worms and in course of time the feeding bill while still young, are none to lay fresh eggs. MEDICO regularly the worms have all disappeared and no loss of calves. MEDICO is equally efficacious for Worms in Sheep. Sold in 5lb. packets for 5s. 6d. One packet mixes with 70lb. salt.'

THE EAST AFRICAN CONFERENCE.
Lord Delamere's Opening Speech.
TURNING POINT REACHED.
Settlers from the Zambezi to the Nile.
(From Our Special Correspondent.)

The East African Conference assembled at Harare on Tuesday, October 12, and opened its proceedings in a grand public spirit and with a full attendance of delegates from the various territories under the British flag. Lord Delamere, who presided over the Conference, made an opening speech in which he pointed out the importance of the day's proceedings. He stated that the Conference was a turning point in the history of the East African territories, and that it was a day when the settlers from the Zambezi to the Nile were united in a common purpose. He also mentioned the fact that the Conference was the first time that the various territories had met together to discuss their common interests.

DETAILS OF DRIVING.

Little Things That Make a Pleasant Run.

COMFORT AT THE WHEEL.

Many people would enjoy their motorcars for more if they were really comfortable and drove in a peaceful way that did not require too much strain upon their nerves...

On many cars, if the top comes in the slightest wind, comes in the line of vision, the steering column is so dropped, so high, or too alternately, the same combing one is raised...

DRIVE GENTLY ALWAYS. Drive gently. Drive the clutch and foot gently. Do not jerk. This will not only result in greater longevity of the parts but will make the program of your car an easy and smooth one...

gradually, using the brakes as little as possible. Do not jam on or let go "pull" to a stop...

MENTAL COMFORT. If the owner-driver tries so far as possible to avoid bringing other people's eyes upon his driving, much more comfortably he will be able to proceed slowly when passing people...

Incidentally, a little thought will convince the owner that it is not always desirable to sound the horn when it is used to warn of the presence of someone in the road...

DRIVE GENTLY ALWAYS. Drive gently. Drive the clutch and foot gently. Do not jerk. This will not only result in greater longevity of the parts but will make the program of your car an easy and smooth one...

the same very violent braking will convince them that the motorist has been driving too fast, and will not give them a good impression.

With regard to other traffic, passing through between lanes, the motorist should be especially careful not to give the impression of speed to avoid causing accidents...

Petal Dangers.

CURIOUS CASE OF PIER BY REINTEGRATION.

Providence is given in the English Press to a case of a young man having been found re-integrating himself to a position as the reason for the outbreak of the war...

The cleaning operation was completed in the open, and so the man was shining brightly. It is highly probable, he says, that the spittoon was promptly thrown away...

MODEL 'T' TRIUMPH. Important Improvements Introduced.

A FEW DETAILS. It is safe to say that since power steering has been introduced in the new model, few models have ever been so popular...

With regard to other traffic, passing through between lanes, the motorist should be especially careful not to give the impression of speed to avoid causing accidents...

THE new steps of the frame have been strengthened, and the front end has been reinforced to give extra support to the steering mechanism...

An oil-shower ring prevents an excess lubrication in the axle boxes, reaching the fabric, while the design of the drum and another plate is particularly good. Occasional cases of oil leakage from the motor, so that the oil does not reach the rubber of the redesigned clutch...

A NAIROBI COLLISION.

Further Evidence.

The case in which Mr. Forster was charged, on October 7, with driving a motor car in a negligent manner, was continued on Wednesday. It was alleged that the accident occurred at 11 o'clock at the corner of Baita Street and Grand Avenue...

THE new steps of the frame have been strengthened, and the front end has been reinforced to give extra support to the steering mechanism...

WHITEAWAY LAIDLAW & Co., Ltd. NAIROBI.

While it's raining—
let us show you this new-type car

THESE no need now to get wet trying to adjust old-fashioned curtains to the weather. The new Studabaker Duplex settles that—and at the price of an open car. Just drive down the roller elevators and enjoy the easy comfort and protection of an enclosed car. It's done in 30 seconds—without even leaving your seat. Today—while it's raining—let us demonstrate new conveniences—originated by Studabaker and offered only by Studabaker. A phone call will bring a new Studabaker Duplex to your door.

DO NOT EXPECT LONG TRADING ALLOWANCES ON ANY USED CAR WHEN YOU COME TO BUY A CHRYSLER.

We cannot in fairness be expected to penalize ourselves by making long allowances, merely because the Chrysler may be a very good car indeed and still it will lack the riding, braking, accelerating power and speed qualities which will the owner of a Chrysler Six.

Those qualities which will the owner of a Chrysler Six. Efficiency and economy that you could well afford to demand the most exacting compensation for the sake of the marvellous activity of performance and the saving the Chrysler will bring.

It was obvious that the enthusiasm of the Public over the Chrysler was certain to affect all motor cars, and ultimately all cars. The change in (internal) design has not yet come. Until then there is no possibility for anyone who wants Chrysler cars, whether they be used or new.

Another higher price than other Chrysler cars. do with the fact that there is still only one Chrysler that delivers results with no other car. This is no reflection on any good Chrysler, but simply a statement of fact which every Chrysler owner knows.
