AFRICAN NEWSPAPER.

THE EAST

Price 50 Cents.

African Standard

MOMBASA TIMES & UGANDA ARGUS.

WHICH WERE INCORPORATED

THE LEADER.

The oldest established newspaper published in Kenya and Uganda.

Official Organ of the Royal C.A. Antarctic Association, International Society of Travelers, etc.

No. 1030.

PRINTED AT THE GENERAL POST OFFICE AS A NEWSPAPER.

NAIROBI, SATURDAY, NOVEMBER 7, 1936.

Price 50c per copy. Paid locally, 50c. Postal Outside 50c.

Simplicity of Operation

The Ford is remarkably easy to operate. Gear shifting is done automatically by the feet. The driver's hands are constantly on the wheel. His eyes are always on the road. He can watch traffic continually. There is no possibility of failure to accomplish a gear shift. Ford gears being of the planetary type are always in mesh and every shift is positive and self-acting.

The Ford is very easy to steer and responds to the slightest movement of the wheel. It will turn in a circle with a radius of nineteen feet three inches. The short Ford wheelbase is a boon in congested traffic. It gives easy manipulation everywhere, and enables you to park in crowded sections where a big car is handicapped.

Founders, Bankers, Plumbers, Electricians and Chemists. 110, 112, 114, 116, 118, 120, 122, 124, 126, 128, 130, 132, 134, 136, 138, 140, 142, 144, 146, 148, 150, 152, 154, 156, 158, 160, 162, 164, 166, 168, 170, 172, 174, 176, 178, 180, 182, 184, 186, 188, 190, 192, 194, 196, 198, 200, 202, 204, 206, 208, 210, 212, 214, 216, 218, 220, 222, 224, 226, 228, 230, 232, 234, 236, 238, 240, 242, 244, 246, 248, 250, 252, 254, 256, 258, 260, 262, 264, 266, 268, 270, 272, 274, 276, 278, 280, 282, 284, 286, 288, 290, 292, 294, 296, 298, 300, 302, 304, 306, 308, 310, 312, 314, 316, 318, 320, 322, 324, 326, 328, 330, 332, 334, 336, 338, 340, 342, 344, 346, 348, 350, 352, 354, 356, 358, 360, 362, 364, 366, 368, 370, 372, 374, 376, 378, 380, 382, 384, 386, 388, 390, 392, 394, 396, 398, 400, 402, 404, 406, 408, 410, 412, 414, 416, 418, 420, 422, 424, 426, 428, 430, 432, 434, 436, 438, 440, 442, 444, 446, 448, 450, 452, 454, 456, 458, 460, 462, 464, 466, 468, 470, 472, 474, 476, 478, 480, 482, 484, 486, 488, 490, 492, 494, 496, 498, 500, 502, 504, 506, 508, 510, 512, 514, 516, 518, 520, 522, 524, 526, 528, 530, 532, 534, 536, 538, 540, 542, 544, 546, 548, 550, 552, 554, 556, 558, 560, 562, 564, 566, 568, 570, 572, 574, 576, 578, 580, 582, 584, 586, 588, 590, 592, 594, 596, 598, 600, 602, 604, 606, 608, 610, 612, 614, 616, 618, 620, 622, 624, 626, 628, 630, 632, 634, 636, 638, 640, 642, 644, 646, 648, 650, 652, 654, 656, 658, 660, 662, 664, 666, 668, 670, 672, 674, 676, 678, 680, 682, 684, 686, 688, 690, 692, 694, 696, 698, 700, 702, 704, 706, 708, 710, 712, 714, 716, 718, 720, 722, 724, 726, 728, 730, 732, 734, 736, 738, 740, 742, 744, 746, 748, 750, 752, 754, 756, 758, 760, 762, 764, 766, 768, 770, 772, 774, 776, 778, 780, 782, 784, 786, 788, 790, 792, 794, 796, 798, 800, 802, 804, 806, 808, 810, 812, 814, 816, 818, 820, 822, 824, 826, 828, 830, 832, 834, 836, 838, 840, 842, 844, 846, 848, 850, 852, 854, 856, 858, 860, 862, 864, 866, 868, 870, 872, 874, 876, 878, 880, 882, 884, 886, 888, 890, 892, 894, 896, 898, 900, 902, 904, 906, 908, 910, 912, 914, 916, 918, 920, 922, 924, 926, 928, 930, 932, 934, 936, 938, 940, 942, 944, 946, 948, 950, 952, 954, 956, 958, 960, 962, 964, 966, 968, 970, 972, 974, 976, 978, 980, 982, 984, 986, 988, 990, 992, 994, 996, 998, 1000.

Agreed otherwise to tradition and old customs; a narrow outlet for their intense and inflaming anger, and a means of venting unimpeded their wrath, and of satisfying their "strivings" to make their lives more comfortable and less weary. It is their duty to make their lives more comfortable and less weary. It is their duty to make their lives more comfortable and less weary.

On July 5, the Hon. Colonial Secretary and the Hon. Colonial Treasurer met in the House of Assembly to discuss the proposed amendments to the Land Revenue Bill. The Hon. Colonial Secretary stated that the Bill was introduced in the House of Assembly on July 5, 1920, and that it had been read a second time on July 6, 1920. The Bill is intended to amend the Land Revenue Act, 1919, and to provide for the collection of land revenue in the Colony.

The Bill provides for the collection of land revenue in the Colony, and for the payment of interest on the same. It also provides for the payment of interest on the same. The Bill is intended to amend the Land Revenue Act, 1919, and to provide for the collection of land revenue in the Colony.

THE MAGNETO

How Flights may be Traced and Keeficed.

HINTS TO AMATEURS

For some reason which is very difficult to explain most amateur flyers believe that the cause of a failure to start is a weak magneto. It is true that a magneto which is not properly adjusted will not give the spark which is necessary to start the engine. It is, however, very rarely the case that the magneto is the cause of a failure to start.

The contacts of a magneto are of a very fragile nature. They are often so fragile that they are liable to become damaged in a very short time. It is, therefore, necessary to handle them with care. They should be kept clean and free from oil. They should be adjusted so that they are in contact with the points for a very short time.

It is also necessary to examine the distributor very carefully. It should be clean and free from oil. The points should be adjusted so that they are in contact with the segments for a very short time. It is also necessary to examine the spark plug. It should be clean and free from oil. The gap should be adjusted so that it is the correct size.

Many very amateur flyers have been told that the cause of a failure to start is a weak magneto. It is, however, very rarely the case that the magneto is the cause of a failure to start. The cause is usually the fuel system or the carburettor.

Many amateur flyers have been told that the cause of a failure to start is a weak magneto. It is, however, very rarely the case that the magneto is the cause of a failure to start. The cause is usually the fuel system or the carburettor.

Many amateur flyers have been told that the cause of a failure to start is a weak magneto. It is, however, very rarely the case that the magneto is the cause of a failure to start. The cause is usually the fuel system or the carburettor.

Many amateur flyers have been told that the cause of a failure to start is a weak magneto. It is, however, very rarely the case that the magneto is the cause of a failure to start. The cause is usually the fuel system or the carburettor.

Many amateur flyers have been told that the cause of a failure to start is a weak magneto. It is, however, very rarely the case that the magneto is the cause of a failure to start. The cause is usually the fuel system or the carburettor.

Assuming that the over-driver has been replaced and the distributor and contact breaker has been reset, the engine will start. If it does not, the cause is usually the fuel system or the carburettor.

The engine should be started from the front of the car. It is, however, very rarely the case that the magneto is the cause of a failure to start.

Having made sure that the high tension leads are in the correct position, the engine will start. It is, however, very rarely the case that the magneto is the cause of a failure to start.

It is also necessary to examine the distributor very carefully. It should be clean and free from oil. The points should be adjusted so that they are in contact with the segments for a very short time.

Many very amateur flyers have been told that the cause of a failure to start is a weak magneto. It is, however, very rarely the case that the magneto is the cause of a failure to start.

Many amateur flyers have been told that the cause of a failure to start is a weak magneto. It is, however, very rarely the case that the magneto is the cause of a failure to start.

Many amateur flyers have been told that the cause of a failure to start is a weak magneto. It is, however, very rarely the case that the magneto is the cause of a failure to start.

TRACING DEFECTS

The first test consists of removing the distributor cover and placing the distributor on a surface which is level with the top of the distributor. The engine will start. It is, however, very rarely the case that the magneto is the cause of a failure to start.

Having made sure that the high tension leads are in the correct position, the engine will start. It is, however, very rarely the case that the magneto is the cause of a failure to start.

It is also necessary to examine the distributor very carefully. It should be clean and free from oil. The points should be adjusted so that they are in contact with the segments for a very short time.

Many very amateur flyers have been told that the cause of a failure to start is a weak magneto. It is, however, very rarely the case that the magneto is the cause of a failure to start.

Solve the Tyre Question with Goodyears

When you buy a tyre, no matter whether price or quality is your first consideration, you can make a safe and certain selection if you buy a Goodyear.

For long wear, strength, appearance and high quality, you not only cannot surpass a Goodyear Tyre—you cannot equal it.

All-Weather Tread Cord Tyres provide the best workmanship and materials. SUPERWIST, the new cord material, is now built into all Goodyear Cord Tyres.

First Century Scored

Over hundred miles in less than an hour has been achieved by a motor-cycle for the first time in the history of motor cycling. Shell Motor Oil and Shell Spirit being used exclusively.

Mr. C. P. Temple, riding his O.E.C. No. 10, a simple machine set at Montbury, Hampshire, took the 100-mile record in 58 minutes 50.6 seconds 101.82 m.p.h. (subject to the usual official confirmation), using

THE MORRIS-COWLEY Comparison Between 1925 and 1926 Models.

NEW FEATURES In view of the alterations embodied in the 1926 Morris-Cowley, it is necessary to compare the new models with those of 1925.

THE MORRIS-COWLEY A new drive for starting the engine of Morris brake drums is the 11 and 8 inch ring. The use of a steel band of special heat-treated steel with a special heat-treated lining is used to absorb the shock of the band striking the drum.

UGANDA GIVES A LEAD A new Motor Automobile has been received by the Uganda Protectorate for the Uganda Protectorate. It is the first of its kind to be used in the Protectorate.

A MOVIE RIDER. After several days' practice on a Raleigh Roadster, some three days ago, a rider on a motor cycle set a new record for the Uganda Protectorate.

WORKING IN THE "JUNGLE" While the "Jungle" is a very hot and humid place, it is also a very fertile one. It is, therefore, very rarely the case that the magneto is the cause of a failure to start.

Delivers All The Results The Name Chrysler Implies

The new Chrysler Four Motor is already making its name with a world reputation for the better. The quality of the wonderful Chrysler Six the name Chrysler stands for permanent results in motoring.

Because the new Chrysler Four like its older brother the Chrysler Six, has the same standard of quality and performance as the Chrysler Six.

The new Chrysler Four represents in a very definite and practical sense the application of the same quality and fine manufacturing that related the Chrysler Six to its peak of popularity.

Consequently, the new Chrysler Four, true to the name, delivers all the results that the name Chrysler implies.

Governments Endorse Albion Supremacy

After the most drastic tests of the wisdom of construction and durability of the Albion motor vehicle, the Government of India and the British War Department have placed large orders for this type of vehicle.

Civilian users in Great Britain of the new and improved Albion motor vehicle obtain a subsidy of £40 per annum from the British War Department.

This authoritative tribute to the absolute reliability and efficiency of the Albion becomes of vital importance when you consider the problem of transport under tropical conditions.

Write for particulars of Albion Models.

ILLUSTRATIONS OF THE WEEK.

Captain Kennedy deals with the principles of good government which he declared to be "the most available service and to be done in every available service." He believed that the Government should be the authority of the other departments and that the various matters of detail were submitted by heads of departments to the Government. He stated that the instructions of the Government to the heads of the departments were of a nature that without any delay and would ensure the success of the Government.

PRINCIPLES
On the subject of the Medical Department, Capt Kennedy said that there were at present existing conditions which would require that departments such as the military and other public organizations and other public organizations should be willing to be subjected fully to the same conditions as the other departments which did not yet exist in detail. He expressed his opinion that it would be advisable in the opinion of that department to bring to the notice of the Government and to bring to the notice of the military authorities that military matters must be brought to the attention of the military authorities.

NATIVE RIGHTS
Mr. Shamao-Deen said that he had been asked to give an opinion on the subject of native rights. He stated that the Government should be willing to be subjected fully to the same conditions as the other departments which did not yet exist in detail. He expressed his opinion that it would be advisable in the opinion of that department to bring to the notice of the Government and to bring to the notice of the military authorities that military matters must be brought to the attention of the military authorities.

LABOUR
Some objection had been raised as to the statement in the preliminary memorandum on the subject of labour in the East African Protectorate. Mr. Shamao-Deen said that he was not in a position to say whether or not the statement was correct. He stated that the Government should be willing to be subjected fully to the same conditions as the other departments which did not yet exist in detail.

Continuing, he said that the Government should be willing to be subjected fully to the same conditions as the other departments which did not yet exist in detail. He expressed his opinion that it would be advisable in the opinion of that department to bring to the notice of the Government and to bring to the notice of the military authorities that military matters must be brought to the attention of the military authorities.

INDIAN DOCTORS
Mr. Shamao-Deen found himself in entire agreement with several medical matters in the subject of the Medical report in the opinion of that department to bring to the notice of the Government and to bring to the notice of the military authorities that military matters must be brought to the attention of the military authorities.

LABOUR
Some objection had been raised as to the statement in the preliminary memorandum on the subject of labour in the East African Protectorate. Mr. Shamao-Deen said that he was not in a position to say whether or not the statement was correct. He stated that the Government should be willing to be subjected fully to the same conditions as the other departments which did not yet exist in detail.
