The following circular is being widely circulated among our Colonists. If any Colonist has not received a copy a postcard should be forwarded to the address given in the circular asking for a copy. Dear Sir.

At a meeting of a Sub-Committee, es, pecially appointed by the Convention of Associations for the purpose, the question of the exection of a building within the Capital for the permanent use of the European Colonists of B.E.A. was closely discussed.

The Committee have decided to call for subscriptions to debentures, each debs ture to be of a value of Rs. 75 bearing terest at 6 per cent.

The Debentures will be secured by a Mortgage on the plot and building. The plot which has been offered the Convention by the Colonian state of the Convention by the Colonian status of the Markette optical by the Convention is stratused in 6th Avenue and is a very valuable property. The building which it is proposed to exceed thereon is to cost not less than £500.

The monies subscribed will be paid into a local Bank and prior to any further action being taken a meeting will be held of all the debenture holders to decide on further action. The meeting will be called by seven days' notice in the local press and will be held before 22nd June.

The Committee confidently appeal to you for your support and offer you one Ha! 75 debenture. When forwarding your chaque kindly address to the "Secretary to the Convention of Associations, Nairobi," and mark your cheque payable to The Colonis Building Fund.
