CONCLUSION.

The Greatest Values in Motor Car History

THE new Buick models for 1926 new offer the greatest values in motor car bistory. Important improvements in chassis contraction add to strength, simplexly and performance. Refinements in body designs increase attenciveness and confort. The Buick you buy to day is unmatched for power, speed, and case and safety of control. No are efficient and power, can rived it in consummal petrol consumption.

consumption.

Quality, refin. cut and surpassing limish is found at overy point. ... the bonnet and you will be surprised at the beautiful sleek, clean design of the engine. Steaming finish is in marked contrast to other engines.

greaming finish is in marked contrast to other engines. Not even any property of the property of the party conceases in the property of the property of the property of the injury and moisture. A few trans on the wing nuts and the valve cover is removed and all the overhead valve mechanistic is exposed to view. Each valve is instantly accessible and easily adjusted. Every part of this location of the property of the property of the beautiful mechanism is discussed. Every part of this search of the property of the strongest type of valve construction known.

stronges type of valve construction anowal.

And so it is with every detail of construction—each part
carefully machined—painstakingly finished, but
possessing strength and wearing qualities beyond all

The Greatest Values in Motor Car History

THE new Buick models for 1926 now offer the greatest

values in motor car history.

Important improvements in chaosis construction add to strength, simplicity and performance. Refinements in body designs increase and construct.

The Bugk you buy to-day is immatched to a power-speed, and case and safety of control. More are designed and power can robe it in economical period constitution of the period construction.

Quality, refinement and surpassing finish is found at every point. Lift the bonnet and you will be surprised at the beautiful sleek, clean design of the engine. Signaming finish is in marked contrast to other engines.

gleaming finish is in marked contrast be one or enumera-ble of the property of the part of the part of the part of the Net even a spark plug is wisible for fit by are concenied by a quick detachable cover which protects them from injury and moisture. A gw turns on the wing units and the valve cover is removed and all the overfead valve inchanism is exposed to view. Each valve is instantly accessible and easily adjusted. Levery part of including the property of the part of the part of leaving the property of the part of the part of salventful mechanism is as constitution that reduce the strongest type of valve construction known.

And so it is with every detail of construction—each part carefully—machined—painstakingly—finished, but lly machined — painstakingly finished, but sing strength and wearing qualities beyond all

Valuable Qualities

OME things are valuable occases they are rare, sir, others are valuable because they are rare, sir, others are valuable because they are good, but it doesn't follow that all good things are expensive.

Acquisity good cigarettes are as good resulty good cigarettes can be all they be certainly not expensive.
