CROSS Power KEROSENE

Pulling Power For Every Tractor

KEROSENE is a power fuel for tractors which has been perfected by Shell petroleum chemists in co-operation with the world's recognized authorities on internal combustion engines.

Being an exceptionally volatile power kerosene, Cross provides complete combustion in tractor engines, and thus delivers the maximum amount of power with low fuel consumption and minimum carbon deposit.

Your tractor will run better and deliver more power on CROSS.

Always Dependable In The World's Rough Places

Where motor car dependability is most vital Dodge Brothers Motor Cars are used highly prized. These cars maintain regular production over the pathless wastes of Africa, Arabia, the desert to England and a thousand other places too severe for cars less sturdy.

Many Dodge Brothers Motor Cars have travelled more than 200,000 miles each. One hundred thousand mile records are common. Of the 1,600,000 Dodge Cars manufactured in the last 15 years, over 100,000 are still in use.

KENNEL NOTES
 Margaret Colyer

My Colyer dog, is when a correspondence in connection with the dog is sent by advertisement. I do not intend to publish any notices of advertisements, but I will be glad to receive them, and will be glad to publish them if they are of interest to the public.

The well known specimen and dog breeder Mr. Harding Cox has lately been writing some interesting articles on well bred dogs. In discussing a litter of well bred puppies at Wembley, I saw between a Siberian and a Canadian pointer, with some other breeds, one that had been bred by Mr. Harding Cox. He says that it is a recognized fact that the Siberian breed is a particularly good one, and that it is a good one to breed from. He says that he has bred many of these with his own Siberian and has found that they are very good.

My dog, I am afraid, does not come up to the standard of the Siberian breed, but it is a good one. I have bred many of these with my own Siberian and have found that they are very good. I have bred many of these with my own Siberian and have found that they are very good.

There are many people who think that the Siberian breed is a good one, but I think that it is a good one. I have bred many of these with my own Siberian and have found that they are very good. I have bred many of these with my own Siberian and have found that they are very good.
