ANOTHER BILL WITHDRAWN

**GOVERNMENT ABANDON THE
EMPLOYMENT SERVICANTS TAX.**

Opposition Difficulties.

**GOVERNMENT CESS DEFECTIVE TO THE NET
REWARD EUROPEAN PAUL TAX.**

Mr. Beckett's Announcement.

The Government to Legislative Council to amend the Governor's decision to withdraw the proposed Servants Tax Bill. The Bill, designed to impose a tax on the services of European domestic servants in the Colony, and which was introduced in Council last month, has now been withdrawn. Mr. Beckett, who introduced the Bill, has announced that he has decided to withdraw it. He stated that the Bill was defective in its provisions, and that he had received many suggestions for its amendment. He also stated that the Bill was defective in its provisions, and that he had received many suggestions for its amendment. He also stated that the Bill was defective in its provisions, and that he had received many suggestions for its amendment.

Mr. Beckett's announcement was received with surprise by the Opposition. They had expected the Bill to be amended and reintroduced. They also stated that the Bill was defective in its provisions, and that he had received many suggestions for its amendment.

Mr. Beckett's announcement was received with surprise by the Opposition. They had expected the Bill to be amended and reintroduced. They also stated that the Bill was defective in its provisions, and that he had received many suggestions for its amendment.

The Greatest Success in a Quarter Century of Fine Car Creation

THE Buick Motor Company now presents the 1927 Buick, with an engine *revolutionized beyond belief!* Buick engineers working in conjunction with General Motors Research Laboratories have created a new history of conditions at every speed, from the bottom to the top of the speedometer.

Buick performance is now exceptional and unusual among all motor cars, no matter what their price. Never in all the twenty-two years of Buick success has Buick engineering and manufacturing leadership been more apparent than in this great new car. Acquaintance with its performance and its intrinsic value will fix in your mind the conviction that money can buy nothing finer.

Here is new evidence of the deep meaning in the long-standing Buick pledge:
"When better automobiles are built, Buick will build them!"

First V8 Motor Improvements

To produce the silent power-flow in the 1927 Buick, Buick engineers have made four fundamental improvements in the famous V8 Valve-in-Head engine. They are a Counter-Force Crankshaft, a Spring Balancer, new light-weight pistons and engine mountings of resilient rubber, both fore and aft.

An engine of such great power and instant responsiveness that its phenomenal quick and alert acceleration is far beyond that of any car you have ever driven before!

And The Vacuum Cleaned Crankcase

Another revolutionary improvement is the vacuum-cleaned crankcase. The new Buick Vacuum Ventilator removes all the water vapor generated in the crankcase before it has an opportunity to condense and do harm. Only a oil change a year are necessary in the 1927 Buick!

And Thermostatic Cooling Control

This new device holds heat in the engine on starting.

until the proper operating temperature is reached. This means instantaneous engine efficiency, even in cold weather.

Notes Is Retained

A new giant-tooth transmission has created gear slippage beyond all previous experience. And an entirely new muffler design further subdues exhaust noise, with no loss of power.

Balanced Wheels for Smoother, Safer Driving

Balanced wheels, now introduced, are another important Buick contribution to easier and safer driving. The millions saved by Buick's volume production have been used to advance the Buick motor car to the point where nothing could be finer.

Luxurious New Finish Bodies

This is especially apparent in the properly new luxury and style of the Finish Bodies—finished in Continental Colors of Duco, dressed in rich, exclusive patterns of upholstery and interiorware; and refined in profile, with lower-gravity construction.

And The Most Remarkable Fact About This Remarkable Motor Car is Values!

Buick values have leveled our price barrier before another until you are offered in this new Buick, a car as fine as money can buy, performance that even the more expensive cars do not equal, at the price of cars of very ordinary quality. This is the Greatest Buick Ever Built, and the greatest Buick value ever offered!

CROSS Power Kerose

Pulling Power For Every Tractor

RECOMMENDED for power fuel for tractors which has been perfected by Shell petroleum chemists in co-operation with the world-recognized authorities on internal combustion engines.

Being an exceptionally retentive power kerose, Cross provides complete combustion in tractor engines; and thus delivers the maximum amount of power with low fuel consumption and minimum carbon deposit.

Your tractor will run longer and deliver more power on Cross.

Beauty and Culture.
In opening the recent exhibition of the Kenya Club and Civil Society, Mr. Stanley the Government Secretary, said that the Government had been disappointed to see a decrease in the number of people who had been attending the exhibition. He said that the Government was very anxious to see the exhibition, and that the Government was very anxious to see the exhibition. He said that the Government was very anxious to see the exhibition, and that the Government was very anxious to see the exhibition.

The East African Standard.
The East African Standard is a newspaper published in Nairobi, Kenya. It is one of the largest and most influential newspapers in the region. The newspaper is published daily, except on Sundays and public holidays. It is known for its comprehensive coverage of local and international news, as well as its editorial commentary. The newspaper is owned and operated by the East African Standard Press, Ltd.

Population of the Colony.
The population of the Colony is estimated to be around 1,000,000. The population is distributed across the region, with the highest concentrations in the coastal areas and the central highlands. The population is growing rapidly, and is expected to continue to grow in the future. The population is diverse, with a mix of different ethnic groups and nationalities. The population is also becoming more educated, and is becoming more involved in the political and social life of the Colony.

Police and Post Office.
The Police and Post Office are two of the most important departments in the Colony. The Police are responsible for maintaining law and order, and for protecting the lives and property of the people. The Post Office is responsible for providing communication services to the people. Both departments are working hard to improve their services, and to make them more efficient and more effective. The Police and Post Office are both essential to the well-being of the Colony, and are both working hard to make a difference.

Under the Standard Clock.
The Standard Clock is a reliable and accurate timepiece. It is made of high-quality materials, and is designed to last for many years. The clock is easy to read, and is simple to use. It is a great addition to any home or office. The Standard Clock is available in a variety of styles and colors, to suit any taste. It is a great gift for anyone who appreciates a good clock.

Patrol Service.
The Patrol Service is a new initiative by the Government to improve the security of the Colony. The service is made up of trained patrolmen who are responsible for patrolling the streets and public places. The patrolmen are equipped with the necessary tools and equipment to deal with any situation. The Patrol Service is a great addition to the Police, and is expected to make a significant contribution to the safety and security of the Colony.

The service is made up of trained patrolmen who are responsible for patrolling the streets and public places. The patrolmen are equipped with the necessary tools and equipment to deal with any situation. The Patrol Service is a great addition to the Police, and is expected to make a significant contribution to the safety and security of the Colony.

Police and Post Office.
The Police and Post Office are two of the most important departments in the Colony. The Police are responsible for maintaining law and order, and for protecting the lives and property of the people. The Post Office is responsible for providing communication services to the people. Both departments are working hard to improve their services, and to make them more efficient and more effective. The Police and Post Office are both essential to the well-being of the Colony, and are both working hard to make a difference.

Population of the Colony.
The population of the Colony is estimated to be around 1,000,000. The population is distributed across the region, with the highest concentrations in the coastal areas and the central highlands. The population is growing rapidly, and is expected to continue to grow in the future. The population is diverse, with a mix of different ethnic groups and nationalities. The population is also becoming more educated, and is becoming more involved in the political and social life of the Colony.

The Greatest Success in a Quarter Century of Fine Car Creation

THE Buick Motor Company now presents the 1927 Buick, with an engine vibrationless beyond belief. Buick engineers working in conjunction with General Motors Research Laboratories have created a new history of quietness at every speed, from the bottom to the top of the speedometer.

Buick performance is now exceptional and unusual among all motor cars, no matter what their price. Never in all the twenty-two years of Buick success has more apparent than in this great new car. Acquaintance with its performance and its intrinsic value will fix in your mind the conviction that money can buy nothing finer.

Here is new evidence of the deep meaning in the long-standing Buick pledge: "When Better Automobiles are Built, Buick Will Build Them."

Four Vital Engine Improvements.

To produce the silent, power-flow in the 1927 Buick, Buick engineers have made four fundamental improvements in the famous Valve-in-Head engine. They are Counter-Poled Crankshaft, a Tension Balancer, new light-weight pistons and engine mountings of resilient rubber, both fore and aft. An engine of such great power and instant responsiveness that its phenomenally quick and alert acceleration tests beyond that of any car you have ever driven before.

And The Vacuum Cleaned Crankcase.

Another revolutionary improvement is the vacuum-cleaned crankcase. The new Buick Vacuum Ventilator removes all the water vapor generated in the crankcase before it has an opportunity to condense and do harm. Only \$200 change a year is necessary in the 1927 Buick!

And Thermostatic Cooling Control.

This new device holds heat in the engine on starting,

until the proper operating temperature is reached. This means instantaneous engine efficiency, even in cold weather.

Notes is Refined.

A new giant-tooth transmission has created gear silence beyond all previous experience. And an entirely new muffler design further subdues exhaust noise, with no loss of power.

Balanced Wheels for Smoother, Safer Driving.

Balanced wheels, now introduced, are another important Buick contribution to safer and safer driving. The millions saved by Buick's volume production have been used to advance the Buick motor car to the point where nothing could be finer.

Luxurious New Fisher Bodies.

This is especially apparent in the princely new luxury and style of the Fisher Bodies; finished in Corporation Colors of Duco; dressed in rich, exclusive patterns of upholstery and interiorwork; and refined in profile, with lower gravity construction.

And the Most Remarkable Fact About This Remarkable Motor Car is Value!

Buick volume has leveled one price barrier after another until you are offered in this new Buick, a car as fine as money can buy, performance that even the most expensive cars do not equal, at the price of cars of very ordinary quality. This is the Greatest Buick Ever Built, and the greatest Buick value ever offered!

STATE HELP FOR AN INDIAN WIDOW.

Pension to Dependents of Deceased.

A DEARER PHOENIX.

The Government has decided to grant a pension to the dependents of a deceased Indian soldier who was killed in action during the war. This is a significant step towards recognizing the sacrifices made by Indian soldiers and their families.

The pension will be granted to the widow of the deceased soldier, provided she is dependent on him and has no other means of support. The amount of the pension will be determined by the Government.

This decision is a welcome one, as it provides financial assistance to the widows of Indian soldiers who have lost their breadwinners. It is a testament to the Government's commitment to the welfare of its citizens.

The Government's decision is a significant step towards recognizing the sacrifices made by Indian soldiers and their families. It is a testament to the Government's commitment to the welfare of its citizens.

Damage to Property by Beach Line Construction.

GOVERNMENT OVERSIGHTS INTERESTING UNDERWAY.

The Government is conducting a thorough investigation into the damage caused to property by the construction of beach lines. The investigation is aimed at identifying the causes of the damage and preventing similar incidents in the future.

The investigation is being conducted by a committee of experts who are examining the construction plans and the execution of the work. The committee is expected to report its findings to the Government soon.

The damage to property has caused significant inconvenience to the residents of the affected areas. The Government is committed to resolving the issue as quickly as possible and providing compensation to the affected parties.

The investigation is a complex task, but the Government is determined to get to the bottom of the matter. It is a testament to the Government's commitment to transparency and accountability.

DEBATE ON POLL TAX BILL.

Necessary as an Eleventh
Hour Measure.
MONEY MUST BE RAISED.

House Members, While Not in Opposition,
Criticize Principle.

WANT BILL FOR A YEAR ONLY.

There was a long debate on Monday and Tuesday in the Legislative
Council on the Revenue Bill No. 20.

It was pointed out that owing to a change in the date by which the
House members on the expediency of the Revenue Tax, the
Revenue Bill No. 20 was brought in, it was not possible to
bring in the bill as a measure of revenue.

The Revenue Bill No. 20, which was introduced by the
Government, provides for a tax of 10 per cent on the
value of the property of the owner.

The Revenue Bill No. 20, which was introduced by the
Government, provides for a tax of 10 per cent on the
value of the property of the owner.

NOTICE.

It has been suggested to me on several occasions by members of the public, and very directly again yesterday in connection with the forthcoming elections, that the policy of the "East African Standard" is influenced by the Right Hon. Lord Delamere on the ground that he is a large shareholder in and a Director of the East African Standard Ltd.

I hereby state that Lord Delamere has NO FINANCIAL INTEREST WHATSOEVER in the "East African Standard" either as a SHAREHOLDER or in any OTHER CAPACITY, and that he is NOT a Director of this Company and therefore has NO SAY WHATSOEVER in the policy or conduct of the "East African Standard".

This notice is published in witness to Lord Delamere and to ourselves.

R. F. MAYER,
Chairman of Directors,
East African Standard Ltd.,
Nairobi,

The

Greatest Success in a Quarter Century of Fine Car Creation

THE Buick Motor Company now presents the 1927 Buick, with an engine vibrationless beyond belief. Buick engineers working in conjunction with General Motors Research Laboratories have created a new luxury of quietness at every speed, from the bottom to the top of the speedometer.

Buick performance is now exceptional and unusual among all motor cars, no matter what their price. Never in all the twenty-two years of Buick success has Buick engineering and manufacturing leadership been more apparent than in this great new car. Acquaintance with its performance and its intrinsic value will fix in your mind the conviction that money can buy nothing finer. Here is new evidence of the deep meaning in the long-standing Buick pledge:

"When better automobiles are built, Buick will build them."

Four Vital Engine Improvements.

To produce the silent power-flow in the 1927 Buick, Buick engineers have made four fundamental improvements in the famous Valve-in-Head engine. They are a Counter-Pedal (Vibration), a Torsion Balance, new light-weight pistons and engine mounting of resilient rubber, both fore and aft.

As engine of such great power and instant responsiveness that its phenomenal quiet and silent acceleration is far beyond that of any car you have ever driven before.

And The Vacuum Cleaned Crankcase.

Another revolutionary improvement is the vacuum-cleaned crankcase. The new Buick Vacuum Ventilator removes all the water vapor generated in the crankcase before it has an opportunity to condense and do harm. Only 2 oil changes a year are necessary in the 1927 Buick!

And Thermostatic Cooling Control.

This new device holds heat in the engine on starting,

until the proper operating temperature is reached. This means instantaneous engine efficiency, even in cold weather.

Noise is Banished.

A new giant-tooth transmission has created gear silence beyond all previous experience. And an entirely new muffler design further subdues exhaust noise, with no loss of power.

Balanced Wheels for Smoother, Easier Driving.

Balanced wheels, now introduced, are another important Buick contribution to easier and safer driving. The millions saved by Buick's volume production have been used to advance the Buick motor car to the point where nothing could be finer.

Luxurious New Fisher Bodies.

This is especially apparent in the princely new luxury and style of the Fisher Bodies, built in Chevrolet Colours of flamy, dressed in rich, restorative patterns of upholstery and interiorwork, and refined in finish with lower-gravity construction.

And The Most Remarkable Fact About This Remarkable Motor Car is Values!

Buick values has leveled one price barrier after another until you are offered in this new Buick, a car as fine as money can buy; performance that even the more expensive cars do not equal, at the price of cars of very ordinary quality.

This is the Greatest Buick Ever Built, and the greatest Buick value ever offered!

DIURNAL OF POLL TAX HILL

(Continued from page 4.)

to go to his home to see how the bill would affect him. It was found that he would have to pay 10/- a year. He thought this was a very high price to pay for a piece of paper which would do nothing for him.

He went on to say that he had written to the Government and asked them to consider the matter. He had also written to the Education Department and asked them to consider the matter. He thought that the Government should do something to help the people who were unable to pay the poll tax.

INDIAN CRITICISM

Mr. Chinn of Don (India) has written to the Editor of the Standard stating that through the Bill passed by the Government the Government would be able to control the poll tax. He thought that this was a very good thing for the Government to do.

Mr. Chinn also stated that he had written to the Government and asked them to consider the matter. He had also written to the Education Department and asked them to consider the matter. He thought that the Government should do something to help the people who were unable to pay the poll tax.

THE NATIVE ASPECT

The Rev. O. Horton, Nationalist Member for Nairobi, has written to the Editor of the Standard stating that the poll tax would be a very heavy burden on the native population. He thought that the Government should do something to help the people who were unable to pay the poll tax.

Mr. Horton also stated that he had written to the Government and asked them to consider the matter. He had also written to the Education Department and asked them to consider the matter. He thought that the Government should do something to help the people who were unable to pay the poll tax.

Mr. Horton also stated that he had written to the Government and asked them to consider the matter. He had also written to the Education Department and asked them to consider the matter. He thought that the Government should do something to help the people who were unable to pay the poll tax.

Mr. Horton also stated that he had written to the Government and asked them to consider the matter. He had also written to the Education Department and asked them to consider the matter. He thought that the Government should do something to help the people who were unable to pay the poll tax.

ANSWERS

Mr. Madala, Nairobi, writes to the Editor of the Standard asking for the name of the person who had written to the Government about the poll tax. He thought that this was a very good thing for the Government to do.

Mr. Madala also stated that he had written to the Government and asked them to consider the matter. He had also written to the Education Department and asked them to consider the matter. He thought that the Government should do something to help the people who were unable to pay the poll tax.

Mr. Madala also stated that he had written to the Government and asked them to consider the matter. He had also written to the Education Department and asked them to consider the matter. He thought that the Government should do something to help the people who were unable to pay the poll tax.

Mr. Madala also stated that he had written to the Government and asked them to consider the matter. He had also written to the Education Department and asked them to consider the matter. He thought that the Government should do something to help the people who were unable to pay the poll tax.

"CRIME" NOT SO UNUSUAL

The Colonial Secretary's address to the Nairobi Convention was a very interesting one. He stated that crime was not so unusual as people thought. He thought that the Government should do something to help the people who were unable to pay the poll tax.

Mr. Chinn also stated that he had written to the Government and asked them to consider the matter. He had also written to the Education Department and asked them to consider the matter. He thought that the Government should do something to help the people who were unable to pay the poll tax.

Mr. Chinn also stated that he had written to the Government and asked them to consider the matter. He had also written to the Education Department and asked them to consider the matter. He thought that the Government should do something to help the people who were unable to pay the poll tax.

Cars that Meet the Sternest Road Tests

Wherever unusually hard transportation service is required Dodge Brothers Motor Cars predominate. In Australia, in North China, in the Philippines, India, Japan—where roads through most agricultural areas, difficult to travel over rugged mountains are in severe condition, to insure transport—they comprise a high percentage of the total cars in use.

The reason for the superiority of Dodge Brothers Motor Cars is—they combine in proportion to weight, a larger percentage of heavy "Chassis" and steel than any other car at any price.

Touring Car 1200 cc. Body 1200 cc.
Sports Model 1200 cc. Bore Chevrolet Car 1200 cc.
